

PRELIMINARY OFFICIAL STATEMENT DATED NOVEMBER 21, 2019

REFUNDING SERIAL BONDS

**BOOK-ENTRY-ONLY BONDS
RATING – MOODY’S INVESTOR SERVICE: “ ”
See “Bond Rating”, herein**

In the opinion of Hawkins Delafield & Wood LLP, Bond Counsel to the District, under existing statutes and court decisions and assuming continuing compliance with certain tax certifications described herein, (i) interest on the Bonds is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), and (ii) interest on the Bonds is not treated as a preference item in calculating the alternative minimum tax under the Code. In addition, in the opinion of Bond Counsel to the District, under existing statutes, interest on the Bonds is exempt from personal income taxes of New York State and its political subdivisions, including The City of New York. See “Tax Matters” herein.

The District will NOT designate the Bonds as “qualified tax-exempt obligations” pursuant to the provision of Section 265(b)(3) of the Code.

SUFFOLK COUNTY, NEW YORK
(the “District”)**

**\$2,590,000* SCHOOL DISTRICT REFUNDING SERIAL BONDS – 2019
(the “Bonds”)**

See Bond Maturity Schedule Herein

The Bonds are general obligations of the District and will contain a pledge of the faith and credit of the District for the payment of the principal thereof and interest thereon and, unless paid from other sources, the Bonds are payable from ad valorem taxes which may be levied upon all the taxable real property within the District without limitation as to rate or amount.

The Bonds maturing on March 15, 2028 and thereafter are subject to redemption prior to maturity, at the option of the District, as a whole or in part, on any date on or after March 15, 2027. (See “Optional Redemption” under “THE BONDS,” herein.)

At the option of the purchaser, the Bonds may be either (i) registered to the purchaser or (ii) registered in the name of Cede & Co., as the partnership nominee for The Depository Trust Company, New York, New York (“DTC”) as book-entry bonds.

For bonds registered to the purchaser, a single bond certificate shall be issued for each maturity and principal of and interest on such Bonds will be payable in Federal Funds by the District, at such bank or trust company located and authorized to do business in the State of New York as selected by the successful bidder.

If the Bonds are issued in book-entry form, they will be registered in the name of Cede & Co., as the partnership nominee for DTC, which will act as securities depository for the Bonds. Beneficial owners will not receive certificates representing their interest in the Bonds. Individual purchases may be made in denominations of \$5,000 or integral multiples thereof. A single bond certificate will be issued for each maturity of the Bonds. Principal of and interest on said Bonds will be paid in Federal Funds by the District to Cede & Co., as nominee for DTC, which will in turn remit such principal and interest to its Participants (as hereinafter defined) for subsequent distribution to the beneficial owners of the Bonds as described herein. Transfer of principal and interest payments to Beneficial Owners (as hereinafter defined) by Participants of DTC will be the responsibility of such Participants and other nominees of Beneficial Owners. The District will not be responsible or liable for payments by DTC to its Participants or by Direct Participants (as hereinafter defined) to Beneficial Owners or for maintaining, supervising or reviewing the records maintained by DTC, its Participants or persons acting through such Participants. (See “Description of Book-Entry System” under “THE BONDS,” herein).

Proposals for the Bonds will be received at 11:00 A.M. (Prevailing Time) on December 5, 2019 at the offices of Munistat Services, Inc., 12 Roosevelt Avenue, Port Jefferson Station, New York 11776.

The Bonds are offered subject to the final approving opinion of Hawkins Delafield & Wood LLP, New York, New York, Bond Counsel, and certain other conditions. It is expected that delivery of the Bonds in book-entry form will be made through the facilities of DTC on or about December 20, 2019 in New York, New York, or as otherwise agreed to by the District and the Purchaser

THIS PRELIMINARY OFFICIAL STATEMENT IS IN A FORM “DEEMED FINAL” BY THE DISTRICT FOR THE PURPOSE OF SECURITIES AND EXCHANGE COMMISSION RULE 15c2-12 (THE “RULE”). FOR A DESCRIPTION OF THE DISTRICT’S AGREEMENT TO PROVIDE CONTINUING DISCLOSURE FOR THE BONDS, AS DESCRIBED IN THE RULE, SEE “DISCLOSURE UNDERTAKING” HEREIN.

\$2,590,000* SCHOOL DISTRICT REFUNDING SERIAL BONDS – 2019

[BOOK-ENTRY ONLY BONDS]

This Official Statement and appendices hereto presents certain information relating to the South Huntington Union Free School District, in the County of Suffolk, in the State of New York (the "District", "County" and "State," respectively) in connection with the sale of \$2,590,000* School District Refunding Serial Bonds - 2019 (the "Bonds").

All quotations from and summaries and explanations of provisions of the Constitution and laws of the State and acts and proceedings of the District contained herein do not purport to be complete and are qualified in their entirety by reference to the official compilations thereof and all references to the Bonds and the proceedings of the District relating thereto are qualified in their entirety by reference to the definitive form of the Bonds and such proceedings.

THE BONDS

Description of the Bonds

The Bonds will be dated the date of delivery, and will mature on March 15 in each of the years 2021 to 2030, inclusive, in the principal amounts as set forth on the inside cover page hereof. Interest on the Bonds will be payable semi-annually on March 15 and September 15 in each year until maturity commencing March 15, 2020.

At the option of the purchaser, the Bonds may be either (i) registered to the purchaser or (ii) registered in the name of Cede & Co., as the partnership nominee for The Depository Trust Company, New York, New York ("DTC") as book-entry bonds.

For bonds registered to the purchaser, a single bond certificate shall be issued for each maturity and principal of and interest on such Bonds will be payable in Federal Funds by the District, at such bank or trust company located and authorized to do business in the State of New York as selected by the successful bidder.

If the Bonds are issued in book-entry form, they will be registered in the name of Cede & Co., as the partnership nominee for DTC, which will act as securities depository for the Bonds. Beneficial owners will not receive certificates representing their interest in the Bonds. Individual purchases may be made in denominations of \$5,000 or integral multiples thereof. A single bond certificate will be issued for each maturity of the Bonds. Principal of and interest on said Bonds will be paid in Federal Funds by the District to Cede & Co., as nominee for DTC, which will in turn remit such principal and interest to its Participants (as hereinafter defined) for subsequent distribution to the beneficial owners of the Bonds as described herein. Transfer of principal and interest payments to Beneficial Owners (as hereinafter defined) by Participants of DTC will be the responsibility of such Participants and other nominees of Beneficial Owners. The District will not be responsible or liable for payments by DTC to its Participants or by Direct Participants (as hereinafter defined) to Beneficial Owners or for maintaining, supervising or reviewing the records maintained by DTC, its Participants or persons acting through such Participants. (See Description of "*Book-Entry System*" under "*THE BONDS*," herein).

The Record Date of the Bonds will be the last business day of the month preceding each interest payment date.

The District will act as Paying Agent for the Bonds. Paying agent fees, if any, will be paid by the purchaser. The District's contact information is as follows: Dr. Vito D'Elia, Assistant Superintendent for Business and District Operations, South Huntington Union Free School District, 60 Weston Street, Huntington Station, NY 11746, Phone (631) 812-3001, Fax (631) 812-3005 and email: vdelia@shufsd.org.

*Preliminary, subject to change

Optional Redemption

The Bonds maturing on or before March 15, 2027 will not be subject to redemption prior to maturity. The Bonds maturing on March 15, 2028 and thereafter, will be subject to redemption, at the option of the District, prior to maturity, in whole or in part, and if in part, in any order of their maturity and in any amount within a maturity (selected by lot within a maturity), on any date on or after March 15, 2027, at a redemption price equal to the principal amount of the Bonds to be redeemed plus accrued interest to the date of redemption.

If less than all of the Bonds of any maturity are to be redeemed prior to maturity, the particular Bonds of such maturity to be redeemed shall be selected by the District by lot in any customary manner of selection as determined by the District. Notice of such call for redemption shall be given by mailing such notice to the registered owner at least thirty (30) days prior to the date set for such redemption. Notice of redemption having been given as aforesaid, the bonds so called for redemption shall, on the date for redemption set forth in such call for redemption, become due and payable together with interest to such redemption date. Interest shall cease to be paid thereon after such redemption date.

Description of Book-Entry System

DTC will act as securities depository if the Bonds are issued in book-entry form. Such Bonds will be issued as fully-registered securities, in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered bond certificate will be issued for each maturity of the Bonds and deposited with DTC.

DTC is limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of certificates.

Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of the Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants" and together with Direct Participant, the "Participants"). Effective August 9, 2011, Standard & Poor's assigns a rating of "AA+" to DTC. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct or Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interest in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Bonds with DTC and their registration in the name of Cede & Co., or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping accounts of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Beneficial Owners of the Bonds may wish to take certain steps to augment the transmission to them or notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of the Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to the Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Bonds will be made to Cede & Co. or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District on the payable date, in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC (nor its nominee) or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District. Under such circumstances, in the event that a successor depository is not obtained, bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

Source: The Depository Trust Company, New York, New York.

The information contained in the above section concerning DTC and DTC's book-entry system has been obtained from sample offering document language supplied by DTC, but the District takes no responsibility for the accuracy thereof. In addition, the District will not have any responsibility or obligation to participants, to indirect participants or to any beneficial owner with respect to: (i) the accuracy of any records maintained by DTC, and participant or any indirect participant; (ii) the payments by DTC or any participant or any indirect participant of any amount with respect to the principal of, or premium, if any, or interest on the bonds or (iii) any notice which is permitted or required to be given to Bondowners.

THE DISTRICT WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO PARTICIPANTS, TO INDIRECT PARTICIPANTS OR ANY BENEFICIAL OWNER WITH RESPECT TO (I) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC, ANY PARTICIPANTS, OR ANY INDIRECT PARTICIPANT; (II) THE PAYMENT BY DTC OR ANY PARTICIPANT OR INDIRECT PARTICIPANT OR ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OF OR INTEREST ON THE BONDS; (III) ANY NOTICE WHICH IS PERMITTED OR REQUIRED TO BE GIVEN TO HOLDERS; OR (IV) THE SELECTION OF THE BENEFICIAL OWNERS TO RECEIVE PAYMENT IN THE EVENT OF ANY PARTIAL REDEMPTION OF THE BONDS; OR (V) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS HOLDER.

THE DISTRICT CANNOT AND DOES NOT GIVE ANY ASSURANCES THAT DTC WILL DISTRIBUTE TO DIRECT PARTICIPANTS OR THAT DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL DISTRIBUTE TO THE BENEFICIAL OWNERS OF THE BONDS (I) PAYMENTS OF THE PRINCIPAL OF OR INTEREST ON THE BONDS; (II) CONFIRMATION OF THEIR OWNERSHIP INTEREST IN THE BONDS; OR (III) REDEMPTION OR OTHER NOTICES SENT TO DTC OR CEDE & CO. AS NOMINEE, AS REGISTERED OWNER OF THE BONDS, OR THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL SO SERVE AND ACT IN THE MANNER DESCRIBED IN THE OFFICIAL STATEMENT.

Certificated Bonds

DTC may discontinue providing its services with respect to the Bonds at any time by giving notice to the District and discharging its responsibilities with respect thereto under applicable law, or the District may terminate its participation in the system of book-entry-only transfers through DTC at any time. In the event that such book-entry-only system is discontinued, and a replacement book-entry securities depository is not appointed, the Bonds will be issued in registered form in denominations of \$5,000, or integral multiples thereof. Principal of and interest on the Bonds when due will be payable at the principal corporate trust office of a bank or trust company to be named by the District as the fiscal agent; certificated Bonds may be transferred or exchanged at no cost to the owner of such bonds at any time prior to maturity at the corporate trust office of the fiscal agent for bonds of the same or any other authorized denomination or denominations in the same aggregate principal amount upon the terms set forth in the certificate of the President of the Board authorizing the sale of the Bonds and fixing the details thereof and in accordance with the Local Finance Law.

Authorization and Purpose

The Bonds are being issued pursuant to the Constitution and statutes of the State of New York, including among others, the Education Law and the Local Finance Law, and the refunding bond resolution duly adopted by the Board of Education of the District on October 23, 2019 (the "Refunding Bond Resolution"), authorizing the refunding of all or a part of the School District Serial Bonds – 2011 (the "2011 Bonds"), maturing in each of the years 2020 to 2030. The Bonds will refund the 2011 Bonds maturing in each of the years 2021 through 2030, inclusive (the "Refunded Bonds").

*Preliminary, subject to change.

The Refunding Bond Resolution authorizes the issuance of the Bonds to provide the funds necessary to effect the refunding of all or a portion of the Refunded Bonds.

For further information regarding bond authorizations of the District for capital purposes and other matters relating thereto. (See "*Indebtedness of the District*," herein.)

Refunding Financial Plan

Pursuant to the District's Refunding Financial Plan, as referred to in the Refunding Bond Resolution, the Bonds are being issued to effect the refunding of the Refunded Bonds maturing on their principal payment dates as set forth above. The Refunding Financial Plan will permit the District to realize, as a result of the issuance of the Bonds, cumulative dollar and present-value debt service savings.

The net proceeds of the Bonds (after payment of the underwriting fee and other costs of issuance relating to the Bonds), will be used to purchase non-callable, direct obligations of or obligations guaranteed by the United States of America (the "Government Obligations") which, together with remaining cash proceeds from the sale of the Bonds, will be placed in an irrevocable trust fund (the "Escrow Fund") to be held by U.S. Bank Global Corporate Trust Services, New York (the "Escrow Holder"), a bank located and authorized to do business in the State, pursuant to the terms of an escrow contract by and between the District and the Escrow Holder, dated as of the delivery date of the Bonds (the "Escrow Contract"). The Government Obligations so deposited will mature in amounts which, together with the cash so deposited, will be sufficient to pay the principal of, interest on and applicable redemption premiums, if any, of the Refunded Bonds on the dates of their redemption. The Refunding Plan requires the Escrow Holder, pursuant to the Refunding Bond resolution of the District and Escrow Contract, to pay the Refunded Bonds at maturity or at the earliest date on which the Refunded Bonds may be called for redemption prior to maturity.

The holders of the Refunded Bonds will have a first lien on all cash on deposit in the Escrow Fund. Upon payment by the Escrow Holder to the fiscal agent for the Refunded Bonds of amounts from the Escrow Fund adequate for the payment, in full, of the Refunded Bonds to be paid from the Escrow Fund, including interest and redemption premium, if any, payable with respect thereto, and payment of all expenses incidental to the issuance of the Bonds, such Escrow Contract shall terminate.

Under the Refunding Financial Plan, the Refunded Bonds will continue to be general obligations of the District and will continue to be payable from *ad valorem* taxes on all taxable real property in the District. However, inasmuch as the funds held in the Escrow Fund together with interest earnings thereon and cash held in the Escrow Fund shall be sufficient to meet all required payments of principal of, and interest on the Refunded Bonds, it is not anticipated that other sources of payment will be utilized.

Security and Source of Payment

Each Bond when duly issued and paid for will constitute a contract between the District and the holder thereof.

The Bonds will be general obligations of the District and will contain a pledge of the faith and credit of the District for the payment of the principal of and interest thereon. For the payment of such principal and interest, the District has power and statutory authorization to levy *ad valorem* taxes on all real property in the District subject to taxation without limitation as to rate or amount.

Under the Constitution of the State, the District is required to pledge its faith and credit for the payment of the principal of and interest on the Bonds, and the State is specifically precluded from restricting the power of the District to levy taxes on real estate therefor. Chapter 97 of the New York Laws of 2011, as amended, (the "Tax Levy Limit Law") imposes a limitation on the power of local governments and school districts, including the District, to increase their annual tax levy above a certain specified amount. However, the Tax Levy Limit Law expressly provides an exception from the annual tax levy limitation for any taxes levied to pay debt service on bonds or notes issued to finance voter approved capital expenditures or the refinancing or refunding of such bonds or notes. As the Bonds are being issued to refinance bonds issued to finance voter-approved capital expenditures, the Bonds qualify for such exception to the Tax Levy Limit Law annual tax levy limitation. (See "*The Tax Levy Limit Law*," herein.)

REMEDIES UPON DEFAULT

Neither the Bonds, nor the proceedings with respect thereto, specifically provide any remedies which would be available to owners of the Bonds should the District default in the payment of principal of or interest on the Bonds, nor do they contain any provisions for the appointment of a trustee to enforce the interests of the owners of the Bonds upon the occurrence of any such default. The Bonds are general obligation contracts between the District and the owners for which the faith and credit of the District are pledged and while remedies for enforcement of payment are not expressly included in the District's contract with such owners, any permanent repeal by statute or constitutional amendment of a bondholder's and/or noteholder's remedial right to judicial enforcement of the contract should, in the opinion of Bond Counsel, be held unconstitutional.

Upon default in the payment of principal of or interest on the Bonds at the suit of the owner, a Court has the power, in proper and appropriate proceedings, to render judgment against the District. The present statute limits interest on the amount adjudged due to contract creditors to nine per centum per annum from the date due to the date of payment. As a general rule, property and funds of a municipal corporation serving the public welfare and interest have not been judicially subjected to execution or attachment to satisfy a judgment. A Court also has the power, in proper and appropriate proceedings, to order payment of a judgment on such bonds or notes from funds lawfully available therefor or, in the absence thereof, to order the District to take all lawful action to obtain the same, including the raising of the required amount in the next annual tax levy. In exercising its discretion as to whether to issue such an order, the Court may take into account all relevant factors, including the current operating needs of the District and the availability and adequacy of other remedies. Upon any default in the payment of the principal of or interest on the Bonds, the owner of such Bonds could, among other remedies, seek to obtain a writ of mandamus from a Court ordering the governing body of the District to assess, levy and collect an ad valorem tax, upon all taxable property of the District subject to taxation by the District sufficient to pay the principal of and interest on the Bonds as the same shall come due and payable (and interest from the due date to date of payment) and otherwise to observe the covenants contained in the Bonds and the proceedings with respect thereto all of which are included in the contract with the owners of the Bonds. The mandamus remedy, however, may be impracticable and difficult to enforce. Further, the right to enforce payment of the principal of or interest on the Bonds may be limited by bankruptcy, insolvency, reorganization, moratorium and similar laws and equitable principles, which may limit the specific enforcement of certain remedies.

In 1976, the New York Court of Appeals, the State's highest court, held in *Flushing National Bank v. Municipal Assistance Corporation for the City of New York*, 40 N.Y.2d 731 (1976), that the New York State legislation purporting to postpone the payment of debt service on New York City obligations was an unconstitutional moratorium in violation of the New York State constitutional faith and credit mandate included in all municipal debt obligations. While that case can be viewed as a precedent for protecting the remedies of Bondholders, there can be no assurance as to what a Court may determine with respect to future events, including financial crises as they may occur in the State and in municipalities of the State, that require the exercise by the State of its emergency and police powers to assure the continuation of essential public services. (See also, *Flushing National Bank v. Municipal Assistance Corporation for the City of New York*, 40 N.Y.2d 1088 (1977), where the Court of Appeals described the pledge as a direct Constitutional mandate.)

As a result of the Court of Appeals decision, the constitutionality of that portion of Title 6-A of Article 2 of the Local Finance Law enacted at the 1975 Extraordinary Session of the State legislature authorizing any county, city, town or village with respect to which the State has declared a financial emergency to petition the State Supreme Court to stay the enforcement against such municipality of any claim for payment relating to any contract, debt or obligation of the municipality during the emergency period, is subject to doubt. In any event, no such emergency has been declared with respect to the District.

Pursuant to Article VIII, Section 2 of the State Constitution, the District is required to provide an annual appropriation of monies for the payment of due and payable principal of and interest on indebtedness. Specifically, this constitutional provision states: "If at any time the respective appropriating authorities shall fail to make such appropriations, a sufficient sum shall be set apart from the first revenues thereafter received and shall be applied to such purposes. The fiscal officer of any county, city, town, village or school district may be required to set aside and apply such revenues as aforesaid at the suit of any holder of obligations issued for any such indebtedness." This constitutes a specific non-exclusive constitutional remedy against a defaulting municipality or school district; however, it does not apply in a context in which monies have been appropriated for debt service but the appropriating authorities decline to use such monies to pay debt service. However, Article VIII, Section 2 of the Constitution of the State also provides that the fiscal officer of any county, city, town, village or school district may be required to set apart and apply such revenues at the suit of any holder of any obligations of indebtedness issued with the pledge of the faith of the credit of such political subdivision. In *Quirk v. Municipal Assistance Corp.*, 41 N.Y.2d 644 (1977), the Court of Appeals described this as a "first lien" on revenues, but one that does not give holders a right to any particular revenues. It should thus be noted that the pledge of the faith and credit of a political subdivision in the State is a pledge of an issuer of a general obligation bond or note to use its general revenue powers, including, but not limited to, its property tax levy, to pay debt service on such obligations, but that such pledge may or may not be interpreted by a court of competent jurisdiction to include a constitutional or statutory lien upon any particular revenues. The Constitutional provision providing for first revenue set asides does not apply to tax anticipation notes, revenue anticipation notes or bond anticipation notes.

While the courts in the State have historically been protective of the rights of holders of general obligation debt of political subdivisions, it is not possible to predict what a future court might hold.

In prior years, certain events and legislation affecting a holder's remedies upon default have resulted in litigation. While courts of final jurisdiction have generally upheld and sustained the rights of bondholders and/or noteholders, such courts might hold that future events, including a financial crisis as such may occur in the State or in political subdivisions of the State, may require the exercise by the State or its political subdivisions of emergency and police powers to assure the continuation of essential public services prior to the payment of debt service.

SECTION 99-B OF THE STATE FINANCE LAW APPLICABLE TO SCHOOL DISTRICTS

Section 99-b of the State Finance Law (the "SFL") provides for a covenant between the State and the purchasers and the holders and owners from time to time of the bonds and notes issued by school districts in the State for school purposes that it will not repeal, revoke or rescind the provisions of Section 99-b of the SFL, or amend or modify the same so as to limit, impair or impede the rights and remedies granted thereby.

Said section provides that in the event a holder or owner of any bond or note issued by a school district for school purposes shall file with the State Comptroller, a verified statement describing such bond or note and alleging default in the payment thereof or the interest thereon or both, it shall be the duty of the State Comptroller to immediately investigate the circumstances of the alleged default and prepare and file in his office a certificate setting forth his determinations with respect thereto and to serve a copy thereof by registered mail upon the chief fiscal officer of the school district which issued the bond or note. Such investigation by the State Comptroller shall set forth a description of all such bonds and notes of the school district found to be in default and the amount of principal and interest thereon past due.

Upon the filing of such a certificate in the office of the State Comptroller, he shall thereafter deduct and withhold from the next succeeding allotment, apportionment or payment of such State aid or assistance due to such school district such amount thereof as may be required to pay (a) the school district's contribution to the State Teachers' Retirement System, and (b) the principal of and interest on such bonds and notes of such school district then in default. In the event such State aid or assistance initially so withheld shall be insufficient to pay said amounts in full, the State Comptroller shall similarly deduct and withhold from each succeeding allotment, apportionment or payment of such State aid or assistance due such school district such amount or amounts thereof as may be required to cure such default. Allotments, apportionments and payments of such State aid so deducted or withheld by the State Comptroller for the payment of principal and interest on the bonds and notes shall be forwarded promptly to the paying agent or agents for the bonds and notes in default of such school district for the sole purpose of the payment of defaulted principal of and interest on such bonds or notes. If any such successive allotments, apportionments or payment of such State aid so deducted or withheld shall be less than the amount of all principal and interest on the bonds and notes in default with respect to which the same was so deducted or withheld, then the State Comptroller shall promptly forward to each paying agent an amount in the proportion that the amount of such bonds and notes in default payable to such paying agent bears to the total amount of the principal and interest then in default on such bonds and notes of such school district. The State Comptroller shall promptly notify the chief fiscal officer of such school district of any payment or payments made to any paying agent or agents of defaulted bonds or notes pursuant to said section of the SFL.

Such 99-b of the SFL is applicable to the Bonds.

NO PAST DUE DEBT

No principal or interest payment on District indebtedness is past due. The District has never defaulted in the payment of the principal of and/or interest on any indebtedness.

BANKRUPTCY

The Federal Bankruptcy Code (Chapter IX) allows public bodies, such as municipalities, recourse to the protection of a Federal Court for the purpose of adjusting outstanding indebtedness. Title 6-A of the Local Finance Law specifically authorizes any municipality in the State or its emergency control board to file a petition under any provision of Federal bankruptcy law for the composition or adjustment of municipal indebtedness. While this Local Finance Law provision does not apply to school districts, there can be no assurance that it will not become applicable in the future. As such, the undertakings of the District should be considered with reference, specifically, to Chapter IX, and, in general, to other bankruptcy laws affecting creditors' rights and municipalities. Bankruptcy proceedings by the District if authorized by the State in the future could have adverse effects on bondholders and/or noteholders including (a) delay in the enforcement of their remedies, (b) subordination of their claims to those supplying goods and services to the District after the initiation of bankruptcy proceedings and to the administrative expenses of bankruptcy proceedings and (c) imposition without their consent of a reorganization plan reducing or delaying payment of the Bonds.

The above references to said Chapter IX are not to be construed as an indication that the State will consent in the future to the right of the District to file a petition with any United States district court or court of bankruptcy under any provision of the laws of the United States, now or hereafter in effect for the composition or adjustment of municipal indebtedness or that the District is currently considering or expects to resort to the provisions of Chapter IX if authorized to do so in the future.

THE DISTRICT

Description

The District, located in the Town of Huntington comprises an area of approximately 10 square miles on the eastern side of the boundary line between Nassau and Suffolk Counties on Long Island. Located about 35 miles from New York City, the District is residential in nature but includes some significant commercial development, such as the Walt Whitman Shopping Center and other retail and banking establishments on New York State Route 110, which traverses the District. In addition to employment opportunities in or near the District, many residents commute to New York City or Nassau County.

Public utility services, fire and police protection are provided to residents of the District by Suffolk County Water Authority, PSEG Long Island, Huntington Township Refuse, Huntington Manor Fire Department, Suffolk County Police Department and Verizon.

Air transportation is available at the New York metropolitan airports; the Long Island Railroad has two stations located just outside the District. In addition, the District is served by the Long Island Expressway, New York State Routes 25 and 110 and numerous County and other local roads providing adequate surface transportation.

District Organization

The District is an independent entity governed by an elected board of education comprised of seven members. District operations are subject to the provisions of the State Education Law affecting school districts; other statutes applicable to the District include the General Municipal Law, the Local Finance Law and the Real Property Tax Law.

Members of the Board of Education are elected on a staggered term basis by qualified voters at the annual election of the District held in the spring of each year. The term of office for each board member is 3 years and the number of terms that may be served is unrestricted. A president is selected by the board from its members and also serves as the chief fiscal officer of the District. The Board of Education is vested with various powers and duties as set forth in the Education Law. Among these are the adoption of annual budgets (subject to voter approval), the levy of real property taxes for the support of education, the appointment of such employees as may be necessary, and other such duties reasonably required to fulfill the responsibilities provided by law.

The Board of Education appoints the Superintendent of Schools who serves at the pleasure of the Board. Such Superintendent is the chief executive officer of the District and the education system. It is the responsibility of the Superintendent to enforce all provisions of law and all rules and regulations relating to the management of the schools and other educational, social and recreational activities under the direction of the Board of Education. Also, certain of the financial functions of the District are the responsibility of the Superintendent of Schools and the Assistant Superintendent for Business and District Operations.

INDEBTEDNESS OF THE DISTRICT

Constitutional and Statutory Requirements

The New York State Constitution and Local Finance Law limit the power of the District (and other municipalities and school districts of the State) to issue obligations and to contract indebtedness. Such constitutional and statutory limitations include the following, in summary form, and are generally applicable to the District and the Bonds:

Purpose and Pledge. The District shall not give or loan any money or property to or in aid of any individual, or private corporation or private undertaking or give or loan its credit to or in aid of any of the foregoing or any public corporation.

The District may contract indebtedness only for a District purpose and shall pledge its faith and credit for the payment of principal of and interest thereon.

Payment and Maturity. Except for certain short-term indebtedness contracted in anticipation of taxes or to be paid in one of the two fiscal years immediately succeeding the fiscal year in which such indebtedness was contracted, indebtedness shall be paid in annual installments commencing no later than two years after the date such indebtedness shall have been contracted and ending no later than the period of probable usefulness of the object or purpose determined by statute or in the alternative the weighted average maturity of the several objects or purposes for which indebtedness is to be contracted; no installment may be more than fifty per centum in excess of the smallest prior installment, unless the District has authorized the issuance of indebtedness having substantially level or declining annual debt service. The District is required to provide an annual appropriation for the payment of interest due during the year on its indebtedness and for the amounts required in such year for amortization and redemption of its serial bonds, bond anticipation notes and capital notes.

General. The District is further subject to constitutional limitation by the general constitutionally imposed duty on the State Legislature to restrict the power of taxation and contracting indebtedness to prevent abuses in the exercise of such power; however, the State Legislature is prohibited by a specific constitutional provision from restricting the power of the District to levy taxes on real estate for the payment of interest on or principal of indebtedness theretofore contracted. There is no constitutional limitation on the amount that may be raised by the District by tax on real estate in any fiscal year to pay principal of and interest on all indebtedness. However, the Tax Levy Limit Law imposes a statutory limitation on the power of the District to increase its annual tax levy. (See “*The Tax Levy Limit Law*” herein).

Statutory Procedure

In general, the State Legislature has, by the enactment of the Local Finance Law, authorized the powers and procedure for the District to borrow and incur indebtedness subject, of course, to the constitutional provisions set forth above. The power to spend money, however, generally derives from other law, including the Education Law.

The District is generally required by such laws to submit propositions for the expenditure of money for capital purposes to the qualified electors of the District. Upon approval thereby, the Board of Education may adopt a bond resolution authorizing the issuance of bonds and notes in anticipation of the bonds. With respect to certain school building construction projects, the District is not permitted to spend in excess of \$100,000 until the plans and specifications for such project have been approved by the Commissioner of Education of the State.

The Local Finance Law also provides a twenty-day statute of limitations after publication of a bond resolution, together with a statutory form of notice which, in effect, estops legal challenges to the validity of obligations authorized by such bond resolution except for alleged constitutional violations. The District has complied with such procedure with respect to the Bonds.

The Board of Education, as the finance board of the District, also has the power to authorize the sale and issuance of bonds and notes, including the Bonds. However, such finance board may delegate the power to sell the Bonds to the President of the Board of Education, the chief fiscal officer of the District, pursuant to the Local Finance Law.

Debt Limit. Pursuant to the Local Finance Law, the District has the power to contract indebtedness for any school district purpose authorized by the Legislature of the State of New York provided the aggregate principal amount thereof shall not exceed ten per centum of the full valuation of the taxable real estate of the District and subject to certain enumerated deductions such as State aid for building purposes. The constitutional and statutory method for determining full valuation is by taking the assessed valuation of taxable real estate for the last completed assessment roll and applying thereto the ratio (equalization rate) which such assessed valuation bears to the full valuation; such ratio is determined by the State Board of Real Property Services. The Legislature also is required to prescribe the manner by which such ratio shall be determined by such authority.

The following table sets forth the computation of the debt limit of the District and its debt contracting margin:

The amount shown is not necessarily the amount the District will ultimately receive. The District has not applied for a building aid exclusion certificate from the Commissioner of Education and therefor may not exclude such amount from its total indebtedness on the Debt Statement form required to be filed with the Office of the State Comptroller when bonds are to be issued.

Details of Short-Term Indebtedness Outstanding

As of the date of this Official Statement, the District has tax anticipation notes outstanding in the amount of \$26,500,000. Such Notes mature on June 25, 2020 and are expected to be paid in full upon the receipt of the District's tax levy for the current fiscal year.

Revenue and Tax Anticipation Notes

The District has generally found it necessary to borrow from time to time in anticipation of taxes and revenues, which borrowing is necessitated by the schedule of real property tax and State aid revenue payments.

The following is a history of such tax and revenue anticipation note borrowings in the five most recent years:

FINANCES OF THE DISTRICT

Independent Audit

The financial affairs of the District are subject to periodic compliance review by the Office of the State Comptroller to ascertain whether the District has complied with the requirements of various state and federal statutes. The financial statements of the District are audited each year by an independent public accountant. The last such audit covers the fiscal year ended June 30, 2019. A copy of such report is included herein as Appendix B.

Investment Policy

Pursuant to State law, including Sections 10 and 11 of the GML, the District is generally permitted to deposit moneys in banks or trust companies located and authorized to do business in the State. All such deposits, including special time deposit accounts and certificates of deposit, in excess of the amount insured under the Federal Deposit Insurance Act, are required to be secured in accordance with the provisions of and subject to the limitations of Section 10 of the GML.

The District may also temporarily invest moneys in: (1) obligations of the United States of America; (2) obligations guaranteed by agencies of the United States of America where the payment of principal and interest are guaranteed by the United States of America; (3) obligations of the State of New York; (4) with the approval of the New York State Comptroller, in tax anticipation notes or revenue anticipation notes issued by any municipality, school district, or district corporation, other than those notes issued by the District, itself; (5) certificates of participation issued in connection with installment purchase agreements entered into by political subdivisions of the State pursuant to Section 109-b(10) of the GML; (6) obligations of a New York public benefit corporation which are made lawful investments for municipalities pursuant to the enabling statute of such public benefit corporation; or (7) in the case of moneys held in certain reserve funds established by the District pursuant to law, in obligations of the District.

All of the foregoing investments are required to be payable or redeemable at the option of the owner within such times as the proceeds will be needed to meet expenditures for purposes for which the moneys were provided and, in the case of obligations purchased with the proceeds of bonds or notes, shall be payable or redeemable in any event, at the option of the owner, within two years of the date of purchase. Unless registered or inscribed in the name of the District, such instruments and investments must be purchased through, delivered to and held in custody of a bank or trust company in the State pursuant to a written custodial agreement as provided by Section 10 of the GML.

The Board of Education of the District has adopted an investment policy and such policy conforms with applicable laws of the State governing the deposit and investment of public moneys. All deposits and investments of the District are made in accordance with such policy.

Fund Structure and Accounts

The General Fund is the general operating fund for the District and is used to account for substantially all revenues and expenditures of the District. The District also maintains a special aid fund, school lunch fund and special purpose fund. In addition, a capital projects fund is used to record capital facility projects, while an agency fund accounts for assets received by the District in a fiduciary capacity.

Basis of Accounting

The district-wide and fiduciary fund financial statements are reported on the accrual basis of accounting using the economic resources measurement focus. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Nonexchange transaction, in which the District gives or receives value without directly receiving or giving equal value in exchange, include real property taxes, grants and donations. On an accrual basis, revenue from real property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied and the related expenditures are incurred.

The fund statements are reported on the modified accrual basis of accounting using the current financial resources measurement focus. Revenues are recognized when measurable and available. The District considers all revenue reported in the governmental funds to be available if the revenues are collected within 180 days after the end of the fiscal year, except for real property taxes, which are considered to be available if they are collected within 60 days after the end of the fiscal year.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Budget Process

The District’s fiscal year begins on July 1 and ends on June 30. Starting in the fall or winter of each year, the District’s financial plan and enrollment projection are reviewed and updated and the first draft of the next year’s proposed budget is developed by the central office staff. During the winter and early spring, the budget is developed and refined in conjunction with the school building principals and department supervisors. The District’s budget is subject to the provisions of the Tax Levy Limit Law, which imposes a limitation on the amount of real property taxes that a school district may levy, and by law is submitted to voter referendum on the third Tuesday of May each year. (See “*The Levy Limit Law*” herein).

On May 21, 2019, a majority of the voters of the District approved the District’s budget for the 2019-2020 fiscal year. Summaries of the District’s Adopted Budgets for the fiscal years 2018-2019 and 2019-2020 may be found in Appendix A, herein.

Revenues

The District receives most of its revenue from a real property tax on all non-exempt real property situated within the District and State aid. A summary of such revenues for the five most recently completed fiscal years may be found in Appendix A.

Real Property Taxes

See “*Tax Information*” herein.

State Aid

The District receives appropriations from the State of State aid for operating, building and other purposes at various times throughout its fiscal year, pursuant to formulas and payment schedules set forth by statute. While the State has a constitutional duty to maintain and support a system of free common schools that provides a “sound basic education” to children of the State, there can be no assurance that the State appropriation for State aid to school districts will be continued in future years, either pursuant to existing formulas or in any form whatsoever. State aid appropriated and apportioned to the school districts can be paid only if the State has such monies available for such payment.

The following table sets forth the amounts of the District’s General Fund revenue comprised of State aid for each of the fiscal years 2015 through 2019, inclusive and the amounts budgeted for the 2020 fiscal year.

Fiscal Year <u>Ending June 30:</u>	General Fund <u>Total Revenue</u>	<u>State Aid</u>	State Aid to <u>Revenues (%)</u>
2015	\$146,718,231	\$30,125,305	20.53
2016	150,445,682	31,386,968	20.86
2017	152,928,623	33,589,419	21.96
2018	156,663,224	35,344,669	22.56
2019	161,414,581	36,339,210	22.51

In addition to the amount of State Aid budgeted annually by the District, the State makes payments of STAR aid representing tax savings provided by school districts to their taxpayers under the STAR Program (See “STAR – School Tax Exemption” herein).

The amount of State aid to school districts is dependent in part upon the financial condition of the State. During the 2012 to 2019 fiscal years of the State, State aid to school districts was paid in a timely manner; however, during the State’s 2010 fiscal year, State budgetary restrictions resulted in delayed payments of State aid to school districts in the State. In addition, the availability of State aid and the timeliness of payment of State aid to school districts could be affected by a delay in the adoption of the State budget. No assurance can be given that the State will not experience delays in the adoption of the budget in future fiscal years. Significant delays in the adoption of the State budget could result in delayed payment of State aid to school districts in the State which could adversely affect the financial condition of school districts in the State.

The State receives a substantial amount of federal aid for health care, education, transportation and other governmental purposes, as well as federal funding to respond to, and recover from, severe weather events and other disasters. Many of the policies that drive this federal aid may be subject to change under the federal administration and the current Congress. Current federal aid projections, and the assumptions on which they rely, are subject to revision in the future as a result of changes in federal policy.

The federal government may enact budgetary changes or take other actions that adversely affect State finances. State legislation adopted with the State’s 2019-2020 Enacted Budget continues authorization for a process by which the State would manage significant reductions in federal aid during Federal fiscal year 2020 should they arise. Specifically, the legislation allows the State Budget Director to prepare a plan for consideration by the State Legislature in the event that the federal government (i) reduces federal financial participation in Medicaid funding to the State or its subdivisions by \$850 million or more; or (ii) reduces federal financial participation of other federal aid funding to the State that affects the State Operating Funds financial plan by \$850 million or more, exclusive of any cuts to Medicaid. Each limit is triggered separately. The plan prepared by the State Budget Director must equally and proportionately reduce appropriations and cash disbursements in the State’s General Fund and State Special Revenue Funds. Upon receipt of the plan, the State Legislature has 90 days to prepare its own corrective action plan, which may be adopted by concurrent resolution passed by both houses, or the plan submitted by the State Budget Director takes effect automatically.

On December 22, 2017, President Trump signed into law the Tax Cuts and Jobs Act of 2017 (H.R. 1, P.L. 115-97), making major changes to the Federal Internal Revenue Code, most of which are effective in the 2018 tax year. The new federal tax law makes extensive changes to federal personal income taxes, corporate income taxes, and estate taxes, and the deductibility of various taxes and interest costs. The State’s income tax system interacts with the federal system in numerous ways. The federal changes are expected to have significant flow-through effects on State tax burdens and revenues. The State’s 2018-2019 Enacted Budget includes legislation decoupling certain linkages between federal and local income tax and corporate taxes, increasing the opportunities for charitable contributions, and providing an option to employers to shift to an employer compensation tax and reduce State personal income taxes. In addition, the State’s 2018-2019 Enacted Budget includes legislation that grants localities the option to establish local charitable funds that would provide taxpayers with a credit against their property taxes. In response to various state initiatives following changes to federal taxes and deductibility, the Department of Treasury (Treasury Department) and the Internal Revenue Service (IRS) have provided guidance regarding state initiatives that would seek to circumvent the new statutory limitation on state and local tax deductions and characterization of payments for federal income tax purposes. The final regulation prohibit the use of programs implemented in some states in which taxpayers receive a credit against their state income taxes for donations made to charitable funds set up by the state in an attempt to reduce the impact of the federal cap on state and local tax deductions. The District has not exercised this option and has no plans to do so in the foreseeable future.

Reductions in federal funding levels could have a materially adverse impact on the State budget. In addition to the potential fiscal impact of policies that may be proposed and adopted by the federal administration and Congress, the State budget may be adversely affected by other actions taken by the federal government, including audits, disallowances, and changes to federal participation rates or other Medicaid rules.

There can be no assurance that the State’s financial position will not change materially and adversely from current projections. If this were to occur, the State would be required to take additional gap-closing actions. Such actions may include, but are not limited to: reductions in State agency operations; delays or reductions in payments to local governments or other recipients of State aid including school districts in the State. Reductions in the payment of State aid could adversely affect the financial condition of school districts in the State.

Should the District fail to receive State aid expected from the State in the amounts and at the times expected, occasioned by a delay in the payment of such monies or by a mid-year reduction in State aid, the District is authorized by the Local Finance Law to provide operating funds by borrowing in anticipation of the receipt of uncollected State aid.

Litigation regarding apportionment of State aid. In January 2001, the State Supreme Court issued a decision in *Campaign for Fiscal Equity* (“CFE”) v. *State of New York* mandating that the system of apportionment of State aid to school districts within the State be restructured by the Governor and the State Legislature. On June 25, 2002, the Appellate Division of the State Supreme Court reversed that decision. On June 26, 2003, the State Court of Appeals, the highest court in the State, reversed the Appellate Division, holding that the State must, by July 30, 2004, ascertain the actual cost of providing a sound basic education, enact reforms to the system of school funding and ensure a system of accountability for such reforms. The Court of Appeals further modified the decision of the Appellate Division by deciding against a Statewide remedy and instead limited its ruling solely to the New York City school system.

After further litigation in 2006, the Court of Appeals held that \$1.93 billion of additional funds for the New York City schools - as initially proposed by the Governor and presented to the State Legislature as an amount sufficient to provide a sound basic education - was reasonably determined. State legislative reforms enacted in the wake of the decision in *Campaign for Fiscal Equity* (“CFE”) v. *State of New York*, included increased accountability for expenditure of State funds and collapsing over 30 categories of school aid into one classroom operating formula referred to as foundation aid. Foundation aid prioritizes funding distribution based upon student need.

Litigation is continuing however as a statewide lawsuit entitled *NYSER v. State of New York* has been filed recently on behalf of the State’s public-school students. The lawsuit asserts that the State has failed to comply with the decision of the New York State Court of Appeals in *CFE v. State of New York*. The complaint asks the court for an order requiring the State to immediately discontinue the cap on State aid increases and the supermajority requirements regarding increases in local property tax levies. The complaint also asks the court to order the State to develop a new methodology for determining the actual costs of providing all students the opportunity for a sound basic education, revise the State funding formulas to ensure that all schools receive sufficient resources, and ensure a system of accountability that measures whether every school has sufficient resources and that all students are, in fact, receiving the opportunity to obtain a sound basic education. On June 27, 2017, the Court of Appeals ruled that NYSER’s claims that students in New York City and Syracuse are being denied the opportunity for a sound basic education could go to trial and that NYSER could rely upon the CFE decision in its arguments. It is not possible to predict the outcome of this litigation.

Recent Events Affecting State Aid to New York School Districts

Following a state budgetary crisis in 2009, State aid to school districts in the State decreased for a number of years with increased established in more recent years.

School district fiscal year (2014-2015): The State Legislature adopted the State budget on March 31, 2014. The State’s 2014-2015 Budget included a \$1.1 billion or 5.3% increase in State aid to school districts for the 2014-2015 school year. High-need school districts received 70% of the State aid increase. The State’s 2014-2015 Budget restored \$602 million of Gap Elimination Adjustment reductions that had been imposed on school districts from 2010-2011 to 2012-2013. The State’s 2014-2015 Budget invested \$1.5 billion over five years to support the phase-in of a Statewide universal full-day pre-kindergarten program.

School district fiscal year (2015-2016): The State Legislature adopted the State budget on March 31, 2015. Said budget included an increase of \$1.4 billion in State aid for school districts that was tied to changes in the teacher evaluation and tenure process.

School district fiscal year (2016-2017): The State’s 2016-2017 Budget included a school aid increase of \$991 million over 2015-2016, \$863 million of which consisted of traditional operating aid. In addition to full-funding of expense based aids (\$408 million), the State’s 2016-2017 Budget included a \$266 million increase in Foundation Aid and an \$189 million restoration to the Gap Elimination Adjustment (the “GEA”). The majority of the remaining increase (\$100 million) related to Community Schools Aid, a newly adopted aid category, to support school districts that wish to create community schools. Such funds may only be used for certain purposes such as providing health, mental health and nutritional services to students and their families.

School district fiscal year (2017-2018): The State’s 2017-2018 Budget provided for school aid of approximately \$25.8 billion, an increase of \$1.1 billion in school aid spending from the 2016-2017 school year. The majority of the increases were targeted to high need school districts. Expense-based aids to support school construction, pupil transportation, BOCES and special education were continued in full, as is the State’s usual practice. Transportation aid increased by 5.5% and building aid increased by 4.8%. The State’s 2017-18 Budget continued to link school aid increases for 2017-18 and 2018-19 to teacher and principal evaluation plans.

School district fiscal year (2018-2019): The State’s 2018-2019 Budget provided for school aid of approximately \$26.7 billion, an increase of approximately \$1.0 billion in school aid spending from the 2017-2018 school year. The majority of the increases were targeted to high need school districts. Expense-based aids to support school construction, pupil transportation, BOCES and special education were continued in full, as is the State’s usual practice. Transportation aid increased by 5.2% and building aid increased by 4.7%. The State 2018-2019 Budget continued to link school aid increases for 2018-2019 and 2019-2020 to teacher and principal evaluation plans.

School district fiscal year (2019-2020): The State’s 2019-2020 school year, the State’s Enacted Budget include a total of \$27.9 billion for School Aid, a year-to-year funding increase of approximately \$1.2 billion. The majority of the increases have been targeted to high need school districts. Expense-based aids to support school construction, pupil transportation, BOCES and special education will continue in full, as is the State’s usual practice. Transportation aid will increase by approximately 4.5% and building aid will increase by approximately 3.7%. The State 2019–2020 Enacted Budget continues to link school aid increases for 2019-2020 and 2020-2021 to teacher and principal evaluation plans approved by September 1 of the current year in compliance with Education Law Section 3012-d.

The State provides annual State aid to school districts in the State, including the District, on the basis of various formulas. Due to the State’s own budgetary crisis in 2009 and to assist the State in mitigating the impacts of its own revenue shortfall, the State reduced the allocation of State aid to school districts as part of a program known as the Gap Elimination Adjustment (“GEA”). The GEA was a negative number (funds that were deducted from the State aid originally due to the District under State aid formulas). The District’s State aid was reduced as a result of the GEA program starting in 2009. Subsequent State budgets decreased the amount of the GEA deduction and the State’s 2016-2017 Budget eliminated the remaining balance of the GEA.

The Smart Schools Bond Act was passed as part of the Enacted 2014-2015 State Budget. The Smart Schools Bond Act authorizes the issuance of \$2 billion of general obligation bonds by the State to finance improved educational technology and infrastructure to enhance learning and opportunity for students throughout the State. The District's allocation of funds is \$2,900,702.

The District cannot predict at this time whether there will be any reductions in and/or delays in the receipt of State aid during the remainder of the current fiscal year. The District believes that it would mitigate the impact of any delays or the reduction in State aid by reducing expenditures, increasing revenues, appropriating other available funds on hand, and/or by any combination of the foregoing. (See also “*Market Factors Affecting Financings of the State and School Districts of the State*”).

Expenditures

The major categories of expenditure for the District are General Support, Instruction, Employee Benefits, Pupil Transportation and Debt Service. A summary of the expenditures for the five most recently completed fiscal years may be found in Appendix A.

The State Comptroller’s Fiscal Stress Monitoring System and OSC Compliance Reviews

The New York State Comptroller has reported that New York State’s school districts and municipalities are facing significant fiscal challenges. As a result, the Office of the State Comptroller has developed a Fiscal Stress Monitoring System (“FSMS”) to provide independent, objectively measured and quantifiable information to school districts and municipal officials, taxpayers and policy makers regarding the various levels of fiscal stress under which the State’s school districts and municipalities are operating.

The fiscal stress scores are based on financial information submitted as part of each school ST-3 report filed with the State Education Department annually, and each municipality’s annual report filed with the Office of the State Comptroller (OSC). Using financial indicators that include year-end fund balance, cash position and patterns of operating deficits, the system creates an overall fiscal stress score which classifies whether a school district or municipality is in “significant fiscal stress”, in “moderate fiscal stress,” as “susceptible to fiscal stress” or “no designation”. Entities that do not accumulate the number of points that would place them in a stress category will receive a financial score but will be classified in a category of “no designation.” This classification should not be interpreted to imply that the entity is completely free of fiscal stress conditions. Rather, the entity’s financial information, when objectively scored according to the FSMS criteria, did not generate sufficient points to place them in one of the three established stress categories.

The most current applicable report of OSC designates the District as “No Designation” (Fiscal Score: 0.0% and Environmental Score 25.0%). More information on the FSMS may be obtained from the Office of the State Comptroller.

In addition, OSC helps local government officials manage government resources efficiently and effectively. The Comptroller oversees the fiscal affairs of local governments statewide, as well as compliance with relevant statutes and observance of good business practices. This fiscal oversight is accomplished, in part, through its audits, which identify opportunities for improving operations and governance. The most recent audit was released on July 22, 2016. The purpose of the audit was to evaluate the District’s financial condition for the period July 1, 2014 through December 31, 2015. The complete report may be found on the State Comptroller’s official website.

Employee Pension System

New York State Certified employees (teachers and administrators) are members of the New York State Teachers Retirement System (“TRS”). Employer pension payments to the TRS are generally deducted from State aid payments. All non-NYS certified/civil service employees of the District eligible for pension or retirement benefits under the Retirement and Social Security Law of the State of New York are members of the New York State and Local Employee's Retirement System (“ERS”). Both the TRS and ERS are non-contributory with respect to members hired prior to July 1, 1976. Other than as discussed below, all members of the respective systems hired on or after July 1, 1976 with less than 10 year’s full-time service contribute 3% of their gross annual salary toward the cost of retirement programs.

On December 10, 2009, the Governor signed in to law a new Tier 5. The law is effective for new ERS and TRS employees hired after January 1, 2010 and before March 31, 2012. ERS employees contribute 3% of their salaries and TRS employees contribute 3.5% of their salaries. There is no provision for these employee contributions to cease after a certain period of service.

On March 16, 2012, Governor Cuomo signed into law Chapter 18 of the Laws of 2012, which legislation provides for a new Tier 6 for employees hired after April 1, 2012. This new pension tier has progressive employee contribution rates between 3% and 6% and such employee contributions continue so long as the employee continues to accumulate pension credits; it increases the retirement age for new employees from 62 to 63 and includes provisions allowing early retirement with penalties. Under Tier 6, the pension multiplier is 1.75% for the first 20 years of service and 2% thereafter; vesting will occur after 10 years; the time period for calculation of final average salary is increased from three years to five years; and the amount of overtime to be used to determine an employee’s pension is capped at \$15,000, indexed for inflation, for civilian and non-uniform employees and at 15% of base pay for uniformed employees outside of New York City. It also includes a voluntary, portable, defined contribution plan option for new non-union employees with salaries of \$75,000 or more.

Under current law, the employer pension payments for a given fiscal year are based on the value of the pension fund on the prior April 1 thus enabling the District to more accurately include the cost of the employer pension payment in its budget for the ensuing year. In addition, the District is required to make a minimum contribution of 4.5% of payroll every year, including years in which the investment performance of the fund would make a lower payment possible. The annual employer pension payment is due on February 1 of each year.

Due to poor performance of the investment portfolio of TRS and ERS during the recent financial crisis, the employer contribution rates for required pension payments to the TRS and ERS increased substantially. To help mitigate the impact of such increases, various forms of legislation have been enacted that permitted school districts to amortize a portion of its annual employer pension payments. The District has not amortized any of its employer pension payments pursuant to such legislation and expects to continue to pay all payments in full when due.

The State’s 2019-2020 Enacted Budget, which was signed into law as Chapter 59 of the Laws of 2019, includes a provision that will allow school districts in the State to establish a reserve fund for the purpose of funding the cost of TRS contributions, as a sub-fund of retirement contribution reserve funds presently authorized for amounts payable to the ERS by a school district. School districts will be permitted to pay into such reserve fund during any particular fiscal year, an amount not to exceed two percent of the total compensation or salaries of all district-employed teachers who are members of the TRS paid during the immediately preceding fiscal year; provided that the balance of such fund may not exceed ten percent of the total compensation or salaries of all district-employed teachers who are members of the TRS paid during the immediately preceding fiscal year. The District established a TRS reserve fund in the 2018-2019 fiscal year.

The following chart represents the TRS and ERS required contributions for each of the last five completed fiscal years and budgeted for the 2020 fiscal year.

Fiscal Year Ending <u>June 30:</u>	<u>TRS</u>	<u>ERS</u>
2015	\$9,824,642	\$3,364,271
2016	8,013,703	3,102,809
2017	6,963,501	2,753,273
2018	6,378,389	2,636,644
2019	7,293,717	2,511,387
2020 (Budget)	7,000,000	3,000,000

Other Post-Employment Benefits

The District provides post-retirement healthcare benefits to various categories of former employees. These costs may be expected to rise substantially in the future. School districts and Boards of Cooperative Education Services, unlike other municipal units of government in the State, have been prohibited from reducing retiree health benefits or increasing health care contributions received or paid by retirees below the level of benefits or contributions afforded to or required from active employees. This protection from unilateral reduction of benefits had been extended annually by the New York State Legislature until recently when legislation was enacted to make permanent these health insurance benefit protections for retirees. Legislative attempts to provide similar protection to retirees of other local units of government in the State have not succeeded as of the date hereof. Nevertheless, many such retirees of all varieties of municipal units in the State do presently receive such benefits.

GASB Statement No. 75 (“GASB 75”) of the Governmental Accounting Standards Board (“GASB”), requires state and local governments to account for and report their costs associated with post-retirement healthcare benefits and other non-pension benefits (“OPEB”). GASB 75 generally requires that employers account for and report the annual cost of the OPEB and the outstanding obligations and commitments related to OPEB in essentially the same manner as they currently do for pensions. Under previous rules, these benefits have generally been administered on a pay-as-you-go basis and have not been reported as a liability on governmental financial statements. Only current payments to existing retirees were recorded as an expense.

GASB 75 requires that state and local governments adopt the actuarial methodologies to determine annual OPEB costs. Annual OPEB cost for most employers will be based on actuarially determined amounts that, if paid on an ongoing basis, generally would provide sufficient resources to pay benefits as they come due.

During the year ended June 30, 2018, the District adopted GASB 75, which supersedes and eliminates GASB 45. Under GASB 75, based on actuarial valuation, an annual required contribution (“ARC”) will be determined for each state or local government. The ARC is the sum of (a) the normal cost for the year (the present value of future benefits being earned by current employees) plus (b) amortization of the unfunded accrued liability (benefits already earned by current and former employees but not yet provided for), using an amortization period of not more than 30 years. If a municipality contributes an amount less than the ARC, a net OPEB obligation will result, which is required to be recorded as a liability on its financial statements.

GASB 75 establishes new standards for recognizing and measuring OPEB liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures to provide more transparent reporting and useful information about the liability and cost of benefits. Municipalities and school districts are required to account for OPEB within the financial statements rather than only noted in the footnotes as previously required by GASB 45. It is measured as of a date no earlier than the end of the employer’s prior fiscal year and no later than the employer’s current fiscal year. The discount rate is based on 20-year, tax exempt general obligation municipal bonds. There is no amortization of prior service cost.

Those that have more than 200 participants are required to have a full actuarial valuation annually. Plans with fewer than 200 participants are required to have a full valuation every two years.

For the fiscal year ended June 30, 2018, the District implemented GASB 75. The implementation of this Statement resulted in the reporting of the entire actuarial accrued liability for other post-employment benefits. The District's total OPEB liability at June 30, 2018 is as follows:

Total OPEB Liability at June 30, 2017	<u>\$178,166,796</u>
Charges for the Year:	
Service Cost	5,165,193
Interest	6,785,189
Changes of Benefit Terms	0
Differences Between Expected and Actual Experience	(519,629)
Benefit Payments	<u>(5,158,204)</u>
Net Changes	<u>\$6,272,549</u>
Total OPEB Liability at June 30, 2018	<u><u>\$184,439,345</u></u>

In some recent years, OSC has proposed legislation to provide the State and certain local governments with the authority to establish trusts in which to accumulate assets for OPEB and to establish an OPEB investment fund in the sole custody of the State Comptroller for the investment of OPEB assets of the State and participating eligible local governments. The District cannot predict at this time whether such proposed legislation will be enacted into law. At this time, New York State has not developed guidelines for the creation and use of irrevocable trusts for the funding of OPEB. As a result, the District has decided to continue funding the expenditure on a pay-as-you-go basis.

Should the District be required to fund its unfunded actuarial accrued OPEB liability, it could have a material adverse impact upon the District's finances and could force the District to reduce services, raise taxes or both.

TAX INFORMATION

Real Property Taxes

The District derives its power to levy an ad valorem real property tax from the State Constitution; methods and procedures to levy, collect and enforce this tax are governed by the Real Property Tax Law. Real property assessment roll used by the District are prepared by the Town of Huntington. Assessment valuations are determined by the Town assessors and the State Board of Real Property Services which is responsible for certain utility and railroad property. In addition, the State Board of Real Property Services annually establishes State Equalization Rates for all localities in the State, which are determined by statistical sampling of market sales/assessment studies. The equalization rates are used in the calculation and distribution of certain State aids and are used by many localities in the calculation or debt contracting and real property taxing limitations. The District is not subject to constitutional real property taxing limitations; however, see "*The Tax Levy Limit Law*" herein for a discussion of certain statutory limitation that have been imposed.

The following table sets forth the amount of the District's General Fund revenue (excluding other financing sources) comprised of real property taxes for each of the fiscal years 2015 through 2019, inclusive and for the amounts budgeted for the 2020 fiscal year.

<u>Fiscal Year</u> <u>Ending June 30:</u>	<u>Total Revenue</u>	<u>Real Property</u> <u>Taxes</u>	<u>Real Property</u> <u>Taxes to</u> <u>Revenues (%)</u>

Tax Collection Procedure

Property taxes for the District, together with County, Town and Fire District taxes, are collected by the Town Tax Receiver. Such taxes are due and payable in equal installments on December 1 and May 10, but may be paid without penalty by January 10 and May 31, respectively. Penalties on unpaid taxes are 1% per month from the date such taxes are due and 10% after May 31.

The Town Tax Receiver distributes the collected tax money to the Town, fire and school districts prior to distributing the balance collected to the County. Uncollected amounts are not segregated by the Receiver and any deficiency in tax collection is the County's liability. The District thereby is assured of full tax collection.

The Tax Levy Limit Law

Chapter 97 of the New York Laws of 2011, as amended, (herein referred to as the "Tax Levy Limit Law" or "Law") modified previous law by imposing a limit on the amount of real property taxes that a school district may levy.

Prior to the enactment of the Law, there was no statutory limitation on the amount of real property taxes that a school district could levy if its budget had been approved by a simple majority of its voters. In the event the budget had been defeated by the voters, the school district was required to adopt a contingency budget. Under a contingency budget, school budget increases were limited to the lesser of four percent (4%) of the prior year's budget or one hundred twenty percent (120%) of the consumer price index ("CPI").

Under the Tax Levy Limit Law, there is now a limitation on the amount of tax levy growth from one fiscal year to the next. Such limitation is the lesser of (i) 2% or (ii) the annual percentage increase in the consumer price index, subject to certain exclusions as mentioned below and as described in the Law. A budget with a tax levy that does not exceed such limit will require approval by at least 50% of the voters. Approval by at least 60% of the voters will be required for a budget with a tax levy in excess of the limit. In the event the voters reject the budget, the tax levy for the school district's budget for the ensuing fiscal year may not exceed the amount of the tax levy for the prior fiscal year. School districts will be permitted to carry forward a certain portion of their unused tax levy limitation from a prior year.

The Law permits certain significant exclusions to the tax levy limit for school districts. These include taxes to pay the local share of debt service on bonds or notes issued to finance voter approved capital expenditures and the refinancing or refunding of such bonds or notes (such as the Bonds), certain pension cost increases, and other items enumerated in the Law. However, such exclusion does NOT apply to taxes to pay debt service on tax anticipation notes (such as the Notes), revenue anticipation notes, budget notes and deficiency notes; and any obligations issued to finance deficits and certain judgments, including tax certiorari refund payments.

STAR - School Tax Exemption

The STAR (School Tax Relief) program provides State-funded exemptions from school property taxes to homeowners for their primary residences. Homeowners over 65 years of age with household adjusted gross incomes, less the taxable amount of total distributions from individual retirement accounts and individual retirement annuities ("STAR Adjusted Gross Income") of \$86,000 or less, increased annually according to a cost of living adjustment, are eligible for a "full value" exemption of the first \$66,800 for the 2018-19 school year (adjusted annually). Other homeowners with household STAR Adjusted Gross income not in excess of \$500,000 are eligible for a \$30,000 "full value" exemption on their primary residence. School districts receive full reimbursement from the State for real property taxes exempted pursuant to the STAR program by the first business day in January of each year.

Part A of Chapter 60 of the Laws of 2016 of the State of New York ("Chapter 60") gradually converts the STAR program from a real property tax exemption to a personal income tax credit. Chapter 60 prohibits new STAR exemptions from being granted unless at least one of the applicants held title to the property on the taxable status date of the assessment roll that was used to levy school district taxes for the 2015-2016 school year (generally, March 1, 2015), and the property was granted a STAR exemption on that assessment roll. However, a new homeowner may receive a new personal income tax credit in the form of a check. The dollar benefit to eligible taxpayers will not change. A taxpayer who is eligible for the new credit will receive a check from the State equal to the amount by which the STAR exemption would have reduced his or her school tax bill. A homeowner who owned his or her home on the taxable status date for the assessment roll used to levy taxes for the 2015-2016 school year, and who received a STAR exemption on that roll, may continue to receive a STAR exemption on that home as long as he or she still owns and primarily resides in it. No further action is required (unless the homeowner has been receiving Basic STAR and wants to apply for Enhanced STAR, which is permissible).

The State 2017-18 Enacted Budget included changes to Chapter 60. STAR checks are now expected to be mailed out prior to the date that school taxes are payable. The amount of the check will be based on the previous year's amount adjusted by the levy growth factor used for the property tax cap. Any changes that must be made based on the final STAR credit compared to the estimate used will be factored into the subsequent year's STAR credit check or taxpayers also may account for those changes in their State income taxes.

The 2019-20 Enacted State Budget makes several changes to the STAR program, which went into effect immediately. The changes are intended to encourage homeowners to switch from the STAR exemption to the STAR credit. The income limit for the exemption has been lowered to \$250,000, compared with a \$500,000 limit for the Credit. The amount of the STAR exemption will remain the same each year, while the amount of the STAR credit can increase up to two percent annually.

Approximately 6% of the District's 2018-2019 school tax levy was exempted by the STAR program and the District has received full reimbursement of such exempt taxes from the State. Approximately 6% of the District's 2019-2020 school tax levy is exempted by the STAR program and the District expects to receive full reimbursement of such exempt taxes from the State in January 2020. (See "State Aid" herein).

Tax Certiorari Claims

In common with other school districts, there are a number of tax certiorari proceedings pending involving properties that are subject to the levy of District taxes. The plaintiffs in these matters have asserted that their properties are over-assessed and are seeking assessment reductions. A refund of excess taxes is also generally requested. Historically, certiorari claims have been settled through negotiations, resulting in amounts, at times, substantially less than originally claimed. Many settlements provide for future adjustments with no direct outlay of money. There are no significant claims filed by the larger taxpayers at this time. (See “*Tax Collection Procedure*” herein.)

LITIGATION

In common with other school districts, the District from time to time receives notices of claim and is party to litigation. In the opinion of the District, after consultation with its attorney, unless otherwise set forth herein and apart from matters provided for by applicable insurance coverage, there are no significant claims or actions pending in which the District has not asserted a substantial and adequate defense, nor which, if determined against the District, would have an adverse material effect on the financial condition of the District.

BONDHOLDERS RISKS AND MARKET FACTORS AFFECTING FINANCINGS OF THE STATE AND SCHOOL DISTRICTS OF THE STATE

There are certain potential risks associated with an investment in the Bonds, and investors should be thoroughly familiar with this Official Statement, including its appendices, in order to make an informed investment decision. Investors should consider, in particular, the following factors:

The District’s credit rating could be affected by circumstances beyond the District’s control. Economic conditions such as the rate of unemployment and inflation, termination of commercial operations by corporate taxpayers and employers, as well as natural catastrophes, could adversely affect the assessed valuation of District property and its ability to maintain fund balances and other statistical indices commensurate with its current credit rating. As a consequence, a decline in the District’s credit rating could adversely affect the market value of the Bonds.

If and when an owner of any of the Bonds should elect to sell all or any part of the Bonds prior to its maturity, there can be no assurance that a market will have been established, maintained and continue in existence for the purchase and sale of any of those Bonds. The market value of the Bonds is dependent upon the ability of holder to potentially incur a capital loss if such Bonds are sold prior to its maturity.

There can be no assurance that adverse events including, for example, the seeking by another municipality in the State or elsewhere of remedies pursuant to the Federal Bankruptcy Act or otherwise, will not occur which might affect the market price of and the market for the Bonds. In particular, if a significant default or other financial crisis should occur in the affairs of the State or any of its municipalities, public authorities or other political subdivisions thereby possibly further impairing the acceptability of obligations issued by those entities, both the ability of the District to arrange for additional borrowing(s) as well as the market for and market value of outstanding debt obligations, including the Bonds, could be adversely affected.

The District is dependent in part upon financial assistance from the State in the form of State aid as well as grants and loans to be received (“State Aid”). The District’s receipt of State aid may be delayed as a result of the State’s failure to adopt its budget timely and/or to appropriate State Aid to municipalities and school districts. Should the District fail to receive all or a portion of the amounts of State Aid expected to be received from the State in the amounts and at the times anticipated, occasioned by a delay in the payment of such moneys or by a reduction in State Aid or its elimination, the District is authorized pursuant to the Local Finance Law (“LFL”) to provide operating funds by borrowing in anticipation of the receipt of such uncollected State Aid, however, there can be no assurance that, in such event, the District will have market access for any such borrowing on a cost effective basis. The elimination of or any substantial reduction in State Aid would likely have a materially adverse effect upon the District requiring either a counterbalancing increase in revenues from other sources to the extent available or a curtailment of expenditures. (See also “*State Aid*” herein.)

Future amendments to applicable statutes whether enacted by the State or the United States of America affecting the treatment of interest paid on municipal obligations, including the Bonds, for income taxation purposes could have an adverse effect on the market value of the Bonds (see “*Tax Matters*” herein).

The enactment of the Tax Levy Limit Law, which imposes a tax levy limitation upon municipalities, school districts and fire districts in the State, including the District, without providing exclusion for debt service on obligations issued by municipalities and fire districts, may affect the market price and/or marketability for the Bonds. (See “*The Tax Levy Limit Law*” herein.)

Federal or State legislation imposing new or increased mandatory expenditures by municipalities, school districts and fire districts in the State, including the District could impair the financial condition of such entities, including the District and the ability of such entities, including the District to pay debt service on the Bonds.

The School District, like many other public and private entities, relies on a large and complex technology environment to conduct its operations. As such, it may face multiple cybersecurity threats including but not limited to, hacking, viruses, malware and other attacks on computer or other sensitive digital systems and networks. To mitigate the risks of impact on the School District operations and/or damage from cyber incidents or cyber-attacks, the School District has invested in cybersecurity and other operational controls. While the School District continues to review its policies and practices in this regard, there can be no assurances that such security and operational control measures will be completely successful to guard against and prevent cyber threats and attacks. The result of any such attacks could impact business operations and/or digital networks and systems and the costs of remedying any such damage could be significant.

TAX MATTERS

Opinion of Bond Counsel

In the opinion of Hawkins Delafield & Wood LLP, Bond Counsel to the District, under existing statutes and court decisions and assuming continuing compliance with certain tax certifications described herein, (i) interest on the Bonds is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), and (ii) interest on the Bonds is not treated as a preference item in calculating the alternative minimum tax under the Code. The Tax Certificate of the District (the “Tax Certificate”), which will be delivered concurrently with the delivery of the Bonds, will contain provisions and procedures relating to compliance with applicable requirements of the Code. In rendering its opinion, Bond Counsel has relied on certain representations, certifications of fact, and statements of reasonable expectations made by the District in connection with the Bonds, and Bond Counsel has assumed compliance by the District with certain ongoing provisions and procedures set forth in the Tax Certificate relating to compliance with applicable requirements of the Code to assure the exclusion of interest on the Bonds from gross income under Section 103 of the Code.

In addition, in the opinion of Bond Counsel to the District, under existing statutes, interest on the Bonds is exempt from personal income taxes of New York State and its political subdivisions, including The City of New York.

Bond Counsel expresses no opinion as to any federal, state or local tax consequences arising with respect to the Bonds, or the ownership or disposition thereof, except as stated above. Bond Counsel renders its opinion under existing statutes and court decisions as of the issue date, and assumes no obligation to update, revise or supplement this opinion to reflect any action thereafter taken or not taken, any fact or circumstance that may thereafter come to its attention, any change in law or interpretation thereof that may thereafter occur, or for any other reason. Bond Counsel expresses no opinion as to the consequence of any of the events described in the preceding sentence or the likelihood of their occurrence. In addition, Bond Counsel expresses no opinion on the effect of any action taken or not taken in reliance upon an opinion of other counsel regarding federal, state or local tax matters, including, without limitation, exclusion from gross income for federal income tax purposes of interest on the Bonds.

Certain Ongoing Federal Tax Requirements and Certifications

The Code establishes certain ongoing requirements that must be met subsequent to the issuance and delivery of the Bonds in order that interest on the Bonds be and remain excluded from gross income under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to use and expenditure of gross proceeds of the Bonds, yield and other restrictions on investments of gross proceeds, and the arbitrage rebate requirement that certain excess earnings on gross proceeds be rebated to the federal government. Noncompliance with such requirements may cause interest on the Bonds to become included in gross income for federal income tax purposes retroactive to their issue date, irrespective of the date on which such noncompliance occurs or is discovered. The District, in executing the Tax Certificate, will certify to the effect that the District will comply with the provisions and procedures set forth therein and that it will do and perform all acts and things necessary or desirable to assure the exclusion of interest on the Bonds from gross income under Section 103 of the Code.

Certain Collateral Federal Tax Consequences

The following is a brief discussion of certain collateral federal income tax matters with respect to the Bonds. It does not purport to address all aspects of federal taxation that may be relevant to a particular owner of a Bond. Prospective investors, particularly those who may be subject to special rules, are advised to consult their own tax advisors regarding the federal tax consequences of owning and disposing of the Bonds.

Prospective owners of the Bonds should be aware that the ownership of such obligations may result in collateral federal income tax consequences to various categories of persons, such as corporations (including S corporations and foreign corporations), financial institutions, property and casualty and life insurance companies, individual recipients of Social Security and railroad retirement benefits, individuals otherwise eligible for the earned income tax credit, and taxpayers deemed to have incurred or continued indebtedness to purchase or carry obligations the interest on which is excluded from gross income for federal income tax purposes. Interest on the Bonds may be taken into account in determining the tax liability of foreign corporations subject to the branch profits tax imposed by Section 884 of the Code.

Original Issue Discount

“Original issue discount” (“OID”) is the excess of the sum of all amounts payable at the stated maturity of a Bond (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates) over the issue price of that maturity. In general, the “issue price” of a maturity (a bond with the same maturity date, interest rate, and credit terms) means the first price at which at least 10 percent of such maturity was sold to the public, i.e., a purchaser who is not, directly or indirectly, a signatory to a written contract to participate in the initial sale of the Bonds. In general, the issue price for each maturity of the Bonds is expected to be the initial public offering price set forth in this Official Statement. Bond Counsel further is of the opinion that, for any Bonds having OID (a “Discount Bond”), OID that has accrued and is properly allocable to the owners of the Discount Bonds under Section 1288 of the Code is excludable from gross income for federal income tax purposes to the same extent as other interest on the Bonds.

In general, under Section 1288 of the Code, OID on a Discount Bond accrues under a constant yield method, based on periodic compounding of interest over prescribed accrual periods using a compounding rate determined by reference to the yield on that Discount Bond. An owner’s adjusted basis in a Discount Bond is increased by accrued OID for purposes of determining gain or loss on sale, exchange, or other disposition of such Discount Bond. Accrued OID may be taken into account as an increase in the amount of tax-exempt income received or deemed to have been received for purposes of determining various other tax consequences of owning a Discount Bond even though there will not be a corresponding cash payment.

Owners of Discount Bonds should consult their own tax advisors with respect to the treatment of original issue discount for federal income tax purposes, including various special rules relating thereto, and the state and local tax consequences of acquiring, holding, and disposing of Discount Bonds.

Bond Premium

In general, if an owner acquires a Bond for a purchase price (excluding accrued interest) or otherwise at a tax basis that reflects a premium over the sum of all amounts payable on the Bond after the acquisition date (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates), that premium constitutes “bond premium” on that Bond (a “Premium Bond”). In general, under Section 171 of the Code, an owner of a Premium Bond must amortize the note premium over the remaining term of the Premium Bond, based on the owner’s yield over the remaining term of the Premium Bond determined based on constant yield principles (in certain cases involving a Premium Bond callable prior to its stated maturity date, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on such note). An owner of a Premium Bond must amortize the bond premium by offsetting the qualified stated interest allocable to each interest accrual period under the owner’s regular method of accounting against the bond premium allocable to that period. In the case of a tax-exempt Premium Bond, if the bond premium allocable to an accrual period exceeds the qualified stated interest allocable to that accrual period, the excess is a nondeductible loss. Under certain circumstances, the owner of a Premium Bond may realize a taxable gain upon disposition of the Premium Bond even though it is sold or redeemed for an amount less than or equal to the owner’s original acquisition cost. Owners of any Premium Bonds should consult their own tax advisors regarding the treatment of bond premium for federal income tax purposes, including various special rules relating thereto, and state and local tax consequences, in connection with the acquisition, ownership, amortization of bond premium on, sale, exchange, or other disposition of Premium Bonds.

Information Reporting and Backup Withholding

Information reporting requirements apply to interest paid on tax-exempt obligations, including the Bonds. In general, such requirements are satisfied if the interest recipient completes and provides the payor with, a Form W-9, "Request for Taxpayer Identification Number and Certification," or if the recipient is one of a limited class of exempt recipients. A recipient not otherwise exempt from information reporting who fails to satisfy the information reporting requirements will be subject to "backup withholding," which means that the payor is required to deduct and withhold a tax from the interest payment, calculated in the manner set forth in the Code. For the foregoing purpose, a "payor" generally refers to the person or entity from whom a recipient receives its payments of interest or who collects such payments on behalf of the recipient.

If an owner purchasing a Bond through a brokerage account has executed a Form W-9 in connection with the establishment of such account, as generally can be expected, no backup withholding should occur. In any event, backup withholding does not affect the excludability of the interest on the Bonds from gross income for federal income tax purposes. Any amounts withheld pursuant to backup withholding would be allowed as a refund or a credit against the owner's federal income tax once the required information is furnished to the Internal Revenue Service.

Miscellaneous

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the federal or state level, could adversely affect the tax-exempt status of interest on the Bonds under federal or state law or otherwise prevent beneficial owners of the Bonds from realizing the full current benefit of the tax status of such interest. In addition, such legislation or actions (whether currently proposed, proposed in the future, or enacted) or such decisions could affect the market price or marketability of the Bonds.

Prospective purchasers of the Bonds should consult their own tax advisors regarding the foregoing matters.

LEGAL MATTERS

Legal matters incident to the authorization, issuance and sale of the Bonds are subject to the approving legal opinion of Hawkins Delafield & Wood LLP, New York, New York, Bond Counsel. Bond Counsel's opinion will be in substantially the form attached hereto in Appendix C.

DISCLOSURE UNDERTAKING

In order to assist the purchasers of the Notes in complying with Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended ("Rule 15c2-12"), the District will execute an Undertaking to Provide Continuing Disclosure, the form of which is attached hereto as Appendix D.

Compliance History

The following table sets forth the annual filings for each of the five preceding fiscal years.

RATING

The District has applied to Moody's Investors Service ("Moody's"), 7 WTC at Greenwich Street, New York, NY, Phone: (212) 553-4055 and Fax: (212) 298-6761, for a rating on the Bonds and such rating is pending at this time. Such rating reflects only the view of such rating agency and an explanation of the significance of such rating should be obtained from the respective rating agency. There can be no assurance that such rating will not be revised or withdrawn, if in the judgement of agency circumstances so warrant. Any change or withdrawal of such rating may have an adverse effect on the market price and the availability of a secondary market for the outstanding bonds and notes of the District.

VERIFICATION OF MATHEMATICAL COMPUTATIONS

Causey Demgen & Moore Inc. will verify from the information provided to them, the mathematical accuracy, as of the date of the closing of the Bonds, of the computations contained in the provided schedules to determine that the anticipated receipts from the Government Obligations and cash deposits listed in the underwriter's schedules, to be held in escrow, will be sufficient to pay, when due, the principal, interest and call premium requirements of the Refunded Bonds. Causey Demgen & Moore Inc. will express no opinion on the assumptions provided to them, nor as to the exclusion from taxation of the interest on the Bonds.

The accuracy of the mathematical computations regarding the adequacy of the cash as deposit in the Escrow Fund, to pay, when due, the principal of and interest on the Refunded Bonds on the applicable payment date(s) will be verified by Causey Demgen & Moore, P.C. Such verification of the accuracy of the mathematical computation will be based, in part, upon factual information supplied by the District and the Purchaser or the Municipal Advisor.

MUNICIPAL ADVISOR

Munistat Services, Inc. (the "Municipal Advisor"), is a Municipal Advisor, registered with the Securities and Exchange Commission and the Municipal Securities Rulemaking Board. The Municipal Advisor serves as independent municipal advisor to the District on matters relating to debt management. The Municipal Advisor is a municipal advisory and consulting organization and is not engaged in the business of underwriting, marketing, or trading municipal securities or any other negotiated instruments. The Municipal Advisor has provided advice as to the plan of financing and the structuring of the Bonds and has reviewed and commented on certain legal documents, including this Official Statement. The advice on the plan of financing and the structuring of the Bonds was based on materials provided by the District and other sources of information believed to be reliable. The Municipal Advisor has not audited, authenticated, or otherwise verified the information provided by the District or the information set forth in this Official Statement or any other information available to the District with respect to the appropriateness, accuracy, or completeness of disclosure of such information and no guarantee, warranty, or other representation is made by the Municipal Advisor respecting the accuracy and completeness of or any other matter related to such information and this Official Statement.

FORM OF APPROVING OPINION OF BOND COUNSEL

Hawkins Delafield & Wood LLP

7 WORLD TRADE CENTER
250 GREENWICH STREET
NEW YORK, NY 10007
WWW.HAWKINS.COM

December 20, 2019

The Board of Education of
the South Huntington Union Free School District, in the
County of Suffolk, New York

Ladies and Gentlemen:

We have acted as Bond Counsel to South Huntington Union Free School District (the "School District"), in the County of Suffolk, New York, a school district of the State of New York, in connection with the authorization, sale, and issuance of the \$2,590,000 School District Refunding Serial Bonds-2019 (the "Bonds"), dated and delivered on the date hereof.

We have examined a record of proceedings relating to the Bonds for purposes of this opinion. In such examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity with originals of all documents submitted to us as copies thereof.

Based upon and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Bonds are valid and legally binding general obligations of the School District for which the School District has validly pledged its faith and credit and, unless paid from other sources, all the taxable real property within the School District is subject to the levy of ad valorem real estate taxes to pay the Bonds and interest thereon without limitation as to rate or amount. The enforceability of rights or remedies with respect to such Bonds may be limited by bankruptcy, insolvency or other laws affecting creditors' rights or remedies heretofore or hereafter enacted.

2. Under existing statutes and court decisions and assuming continuing compliance with certain tax certifications described herein, (i) interest on the Bonds is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and (ii) interest on the Bonds is not treated as a preference item in calculating the alternative minimum tax under the Code.

The Code establishes certain requirements that must be met subsequent to the issuance of the Bonds in order that the interest on the Bonds be and remain excludable from gross income under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to the use and expenditure of proceeds of the Bonds, restrictions on the investment of proceeds of the Bonds prior to expenditure and the requirement that certain earnings be rebated to the federal government. Noncompliance with such requirements may cause the interest on the Bonds to become subject to federal income taxation retroactive to the date of issuance thereof, irrespective of the date on which such noncompliance occurs or is ascertained.

On the date of issuance of the Bonds, the School District will execute a Tax Certificate relating to the Bonds containing provisions and procedures pursuant to which such requirements can be satisfied. In executing the Tax Certificate, the School District represents that it will comply with the provisions and procedures set forth therein and that it will do and perform all acts and things necessary or desirable to assure that the interest on the Bonds will, for federal income tax purposes, be excluded from gross income.

In rendering the opinion in this paragraph 2, we have relied upon and assumed (i) the material accuracy of the School District's representations, statements of intention and reasonable expectations, and certifications of fact contained in the Tax Certificate with respect to matters affecting the status of the interest on the Bonds, and (ii) compliance by the School District with the procedures and representations set forth in the Tax Certificate as to such tax matters.

3. Under existing statutes, interest on the Bonds is exempt from personal income taxes of New York State and its political subdivisions, including The City of New York.

We express no opinion as to any other federal, state or local tax consequences arising with respect to the Note, or the ownership or disposition thereof, except as stated in paragraphs 2 and 3 above. We render our opinion under existing statutes and court decisions as of the date hereof, and assume no obligation to update, revise or supplement our opinion to reflect any action hereafter taken or not taken, any fact or circumstance that may hereafter come to our attention, any change in law or interpretation thereof that may hereafter occur, or for any other reason. We express no opinion as to the consequence of any of the events described in the preceding sentence or the likelihood of their occurrence. In addition, we express no opinion on the effect of any action taken or not taken in reliance upon an opinion of other counsel regarding federal, state or local tax matters, including, without limitation, exclusion from gross income for federal income tax purposes of interest on the Note.

We give no assurances as to the adequacy, sufficiency or completeness of the Preliminary Official Statement and/or Official Statement relating to the Note or any proceedings, reports, correspondence, financial statements or other documents, containing financial or other information relative to the District, which have been or may hereafter be furnished or disclosed to purchasers of ownership interests in the Note.

Very truly yours,

APPENDIX D

FORM OF CONTINUING DISCLOSURE AGREEMENT

UNDERTAKING TO PROVIDE CONTINUING DISCLOSURE

“Purchaser” shall mean the financial institution referred to in the Certificate of Award, executed by the President of the Board of Education as of December 5, 2019.

“Rule” means Rule 15c2-12 promulgated by the SEC under the Securities Exchange Act of 1934 (17 CFR Part 240, §240.15c2-12), as amended, as in effect on the date of this Undertaking, including any official interpretations thereof issued either before or after the effective date of this Undertaking which are applicable to this Undertaking.

“Securities” shall mean the Issuer’s **\$2,590,000 School District Refunding Serial Bonds-2019**, dated December 20, 2019, maturing in various principal amounts on March 15 in each of the years 2021 to 2030, inclusive, and delivered on the date hereof.

Section 2. Obligation to Provide Continuing Disclosure. (a) The Issuer hereby undertakes, for the benefit of Holders of the Securities, to provide or cause to be provided to the EMMA System:

- (i) no later the last day of the sixth month following the fiscal year ending June 30, 2020, the Annual Information relating to such fiscal year, together with audited financial statements of the Issuer for such fiscal year if audited financial statements are then available; provided, however, that if audited financial statements are not then available, unaudited financial statements shall be provided with the Annual Information, and audited financial

statements, if any, shall be delivered to the EMMA System within thirty (30) days after they become available and in no event later than 360 days after the end of each fiscal year; and

- (ii) in a timely manner, not in excess of ten (10) business days after the occurrence of such event, notice of any of the following events with respect to the Securities:
 - (1) principal and interest payment delinquencies;
 - (2) non-payment related defaults, if material;
 - (3) unscheduled draws on debt service reserves reflecting financial difficulties;
 - (4) unscheduled draws on credit enhancements reflecting financial difficulties;
 - (5) substitution of credit or liquidity providers, or their failure to perform;
 - (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices of determinations with respect to the tax status of the Securities, or other material events affecting the tax status of the Securities;
 - (7) modifications to rights of Securities holders, if material;
 - (8) Bond calls, if material, and tender offers;
 - (9) defeasances;
 - (10) release, substitution, or sale of property securing repayment of the Securities, if material;
 - (11) rating changes;
 - (12) bankruptcy, insolvency, receivership or similar event of the Issuer;

Note to clause (12): For the purposes of the event identified in clause (12) above, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the Issuer in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or government authority has assumed jurisdiction over substantially all of the assets or business of the Issuer, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or

governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Issuer;

- (13) the consummation of a merger, consolidation, or acquisition involving the Issuer or the sale of all or substantially all of the assets of the Issuer, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;
- (14) appointment of a successor or additional trustee or the change of name of a trustee, if material;
- (15) incurrence of a financial obligation, as defined in Rule 15c2-12, of the Issuer, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the Issuer, any of which affect security holders, if material; and
- (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the Issuer, any of which reflect financial difficulties.

(iii) in a timely manner, not in excess of ten (10) business days after the occurrence of such event, notice of a failure to provide by the date set forth in Section 2(a)(i) hereof any Annual Information required by Section 3 hereof.

(b) Nothing herein shall be deemed to prevent the Issuer from disseminating any other information in addition to that required hereby in the manner set forth herein or in any other manner. If the Issuer disseminates any such additional information, the Issuer shall have no obligation to update such information or include it in any future materials disseminated hereunder.

(c) Nothing herein shall be deemed to prevent the Issuer from providing notice of the occurrence of certain other events, in addition to those listed above, if the Issuer determines that any such other event is material with respect to the Securities; but the Issuer does not undertake to commit to provide any such notice of the occurrence of any material event except those events listed above.

Section 3. Annual Information. (a) The required Annual Information shall consist of the financial information and operating data for the preceding fiscal year, in a form generally consistent with the information contained or cross-referenced in the Issuer's final official statement relating to the Securities under the headings: "The District", "Indebtedness of the District", "Economic and Demographic Information", "Finances of the District", and "Litigation" and in Appendix B.

(b) All or any portion of the Annual Information may be incorporated in the Annual Information by cross reference to any other documents which are (i) available to the public on the EMMA System or (ii) filed with the SEC. If such a document is a final official statement, it also must be available from the EMMA System.

(c) Annual Information for any fiscal year containing any modified operating data or financial information (as contemplated by Section 7(e) hereof) for such fiscal year shall explain, in narrative form, the reasons for such modification and the effect of such modification on the Annual Information being provided for such fiscal year. If a change in accounting principles is included in any such modification, such Annual Information shall present a comparison between the financial statements or information prepared on the basis of the modified accounting principles and those prepared on the basis of the former accounting principles.

Section 4. Financial Statements. The Issuer's annual financial statements for each fiscal year, if prepared, shall be prepared in accordance with GAAP or New York State regulatory requirements as in effect from time to time. Such financial statements, if prepared, shall be audited by an independent accounting firm. The Issuer's Annual Financial Report Update Document prepared by the Issuer and filed annually with New York State in accordance with applicable law, shall not be subject to the foregoing requirements.

Section 5. Remedies. If the Issuer shall fail to comply with any provision of this Undertaking, then any Holder of Securities may enforce, for the equal benefit and protection of all Holders similarly situated, by mandamus or other suit or proceeding at law or in equity, this Undertaking against the Issuer and any of the officers, agents and employees of the Issuer, and may compel the Issuer or any such officers, agents or employees to perform and carry out their duties under this Undertaking; provided that the sole and exclusive remedy for breach of this Undertaking shall be an action to compel specific performance of the obligations of the Issuer hereunder and no person or entity shall be entitled to recover monetary damages hereunder under any circumstances. Failure to comply with any provision of this Undertaking shall not constitute an event of default on the Securities.

Section 6. Parties in Interest. This Undertaking is executed to assist the Purchaser to comply with (b)(5) of the Rule and is delivered for the benefit of the Holders. No other person shall have any right to enforce the provisions hereof or any other rights hereunder.

Section 7. Amendments. Without the consent of any holders of Securities, the Issuer at any time and from time to time may enter into any amendments or changes to this Undertaking for any of the following purposes:

- (a) to comply with or conform to any changes in Rule 15c2-12 (whether required or optional);
- (b) to add a dissemination agent for the information required to be provided hereby and to make any necessary or desirable provisions with respect thereto;
- (c) to evidence the succession of another person to the Issuer and the assumption of any such successor of the duties of the Issuer hereunder;

- (d) to add to the duties of the Issuer for the benefit of the Holders, or to surrender any right or power herein conferred upon the Issuer;
- (e) to modify the contents, presentation and format of the Annual Information from time to time to conform to changes in accounting or disclosure principles or practices and legal requirements followed by or applicable to the Issuer or to reflect changes in the identity, nature or status of the Issuer or in the business, structure or operations of the Issuer or any mergers, consolidations, acquisitions or dispositions made by or affecting any such person; provided that any such modifications shall comply with the requirements of Rule 15c2-12 or Rule 15c2-12 as in effect at the time of such modification; or
- (f) to cure any ambiguity, to correct or supplement any provision hereof which may be inconsistent with any other provision hereof, or to make any other provisions with respect to matters or questions arising under this Undertaking which, in each case, comply with Rule 15c2-12 or Rule 15c2-12 as in effect at the time of such amendment or change;

provided that no such action pursuant to this Section 7 shall adversely affect the interests of the Holders in any material respect. In making such determination, the Issuer shall rely upon an opinion of nationally recognized bond counsel.

Section 8. Termination. This Undertaking shall remain in full force and effect until such time as all principal, redemption premiums, if any, and interest on the Securities shall have been paid in full or the Securities shall have otherwise been paid or legally defeased pursuant to their terms. Upon any such legal defeasance, the Issuer shall provide notice of such defeasance to the EMMA System. Such notice shall state whether the Securities have been defeased to maturity or to redemption and the timing of such maturity or redemption.

In addition, this Agreement, or any provision hereof, shall be null and void in the event that those portions of the Rule which require this Agreement, or such provision, as the case may be, do not or no longer apply to the Bonds, whether because such portions of the Rule are invalid, have been repealed, or otherwise.

Section 9. Undertaking to Constitute Written Agreement or Contract. This Undertaking shall constitute the written agreement or contract for the benefit of Holders of Securities, as contemplated under Rule 15c2-12.

Section 10. Governing Law. This Undertaking shall be governed by the laws of the State of New York determined without regard to principles of conflict of law.

IN WITNESS WHEREOF, the undersigned has duly authorized, executed and delivered this Undertaking as of **December 20, 2019**.
