

# PRELIMINARY OFFICIAL STATEMENT DATED OCTOBER 13, 2020

## NEW ISSUE

## BOND ANTICIPATION NOTES

*In the opinion of Squire Patton Boggs (US) LLP, Bond Counsel, under existing law (i) assuming continuing compliance with certain covenants and the accuracy of certain representations, interest on the Notes is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax; and (ii) interest on the Notes is exempt from personal income taxes imposed by the State of New York and political subdivisions thereof, including The City of New York and the City of Yonkers. Interest on the Notes may be subject to certain federal taxes imposed only on certain corporations. For a more complete discussion of the tax aspects, see "TAX MATTERS" herein.*

*The Village will designate the Notes as "qualified tax-exempt obligations" pursuant to Section 265(b)(3) of the Code.*

### VILLAGE OF NEW PALTZ USTER COUNTY, NEW YORK (the "Village")

**\$2,700,000**

### BOND ANTICIPATION NOTES, 2020 SERIES B (the "Notes")

Dated Date: October 29, 2020

Maturity Date: September 16, 2021

*Security and Sources of Payment:* The Notes are general obligations of the Village of New Paltz, Ulster County, New York (the "Village"), and will contain a pledge of the faith and credit of the Village for the payment of the principal thereof and interest thereon and, unless paid from other sources, the Notes are payable from ad valorem taxes which may be levied upon all the taxable real property within the Village, subject to certain statutory limitations imposed by Chapter 97 of the New York Laws of 2011, as amended (the "Tax Levy Limit Law"). (See "Tax Levy Limit Law," herein).

*Prior Redemption:* The Notes will not be subject to redemption prior to their maturity.

*Form and Denomination:* At the option of the purchaser, the Notes may be either (i) registered in the name of the purchaser or (ii) registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC") as book-entry notes. If the Notes are registered in the name of the purchaser, a single note certificate shall be delivered to the purchaser(s), for those Notes bearing the same rate of interest in the aggregate principal amount awarded to such purchaser at such interest rate. Those Notes issued in book-entry form will be registered in the name of Cede & Co. as nominee of The Depository Trust Company ("DTC"), Jersey City, New Jersey, which will act as the Securities Depository for the Notes. Individual purchases of any Notes issued in book-entry form may be made only in book-entry form in denominations of \$5,000 or integral multiples thereof. Holders of book-entry Notes will not receive certificates representing their respective ownership interests in any Notes issued in book-entry form. (See "Book-Entry System" herein).

*Payment:* Payment of the principal of and interest on the Notes registered to the Purchaser will be payable in lawful money of the United States of America (Federal Funds) at such bank or trust company located and authorized to do business in the State of New York as may be selected by the successful bidder. Payment of the principal of and interest on any Notes issued in book-entry form will be made by DTC Participants and Indirect Participants in accordance with standing instructions and customary practices. Payment will be the responsibility of the DTC Participants or Indirect Participants and not of DTC or the Village, subject to any statutory and regulatory requirements as may be in effect from time to time. Principal and interest payments on any book-entry Notes shall be payable at the office of the Village Clerk. (See "Book-Entry System" herein).

Proposals for the Notes will be received at 11:00 A.M. (Prevailing Time) on October 20, 2020 at the offices of Munistat Services, Inc., 12 Roosevelt Avenue, Port Jefferson Station, New York 11776.

*The Notes are offered subject to the final approving opinions of Squire Patton Boggs (US) LLP, New York, New York, Bond Counsel, and certain other conditions. It is expected that delivery of the Notes will be made on or about October 29, 2020 in New York, New York, or as otherwise agreed to by the Village and the purchaser.*

THIS PRELIMINARY OFFICIAL STATEMENT IS IN A FORM "DEEMED FINAL" BY THE VILLAGE FOR THE PURPOSES OF SECURITIES AND EXCHANGE COMMISSION RULE 15c2-12 (THE "RULE"). FOR A DESCRIPTION OF THE VILLAGE'S AGREEMENT TO PROVIDE CONTINUING DISCLOSURE FOR THE NOTES, AS DESCRIBED IN THE RULE, SEE "DISCLOSURE UNDERTAKING" HEREIN.

This Preliminary Official Statement and the information contained herein are subject to completion or amendment without notice. Under no circumstance shall this Preliminary Official Statement constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of these securities, in any jurisdiction in which such offer, solicitation, or sale would be unlawful prior to registration or qualification under the securities laws of such jurisdiction.

### VILLAGE OF NEW PALTZ ULSTER COUNTY, NEW YORK

#### \$2,700,000 BOND ANTICIPATION NOTES, 2020 SERIES B (the “Notes”)

This Official Statement, including the cover page and appendices thereto, has been prepared by the Village of New Paltz (the “Village”) and presents certain information relating to the Village's \$2,700,000 Bond Anticipation Notes, 2020 Series B (the “Notes”). All quotations from and summaries and explanations of provisions of the Constitution and laws of the State of New York (the “State”) and acts and proceedings of the Village contained herein do not purport to be complete and are qualified in their entirety by reference to the official compilations thereof and all references to the Notes and the proceedings of the Village relating thereto are qualified in their entirety by reference to the definitive form of the Notes and such proceedings.

This Official Statement should be read with the understanding that the ongoing COVID-19 global pandemic has created prevailing economic conditions (at the global, national, State and local levels) that are highly uncertain, generally negative, and rapidly changing, and these conditions are expected to continue for an indefinite period of time. Accordingly, the Village’s overall economic situation and outlook (and all of the specific Village-related information contained herein) should be carefully reviewed, evaluated and understood in the full light of this unprecedented world-wide event, the effects of which are extremely difficult to predict and quantify. See “*MARKET FACTORS AFFECTING FINANCINGS OF THE MUNICIPALITIES OF THE STATE*” and “*IMPACT OF COVID-19*” herein.

## THE NOTES

### Description of the Notes

The Notes are general obligations of the Village. The Village has pledged its faith and credit for the payment of the principal of and interest on the Notes and, unless paid from other sources, the Notes are payable from ad valorem taxes which may be levied upon all the taxable real property within the Village, subject to certain statutory limitations imposed by the Tax Levy Limit Law. (See “*Tax Levy Limit Law*” herein).

The Notes will be dated and will mature, without the option of prior redemption, as indicated on the cover page hereof.

The Village will act as Fiscal Agent for any Notes issued in book-entry form and the purchaser shall act as Fiscal Agent for any Notes registered in the name of the purchaser. Paying agent fees, if any, for those Notes registered to the purchaser will be paid by the purchaser(s). The Village’s contact information is as follows: Nancy Branco, Village Treasurer, Village of New Paltz, 25 Plattekill Avenue, New Paltz, New York 12561, Phone (845) 255-0130 and email: [treasurer@villageofnewpaltz.org](mailto:treasurer@villageofnewpaltz.org).

### Optional Redemption

The Notes will not be subject to redemption prior to their maturity.

### Book-Entry System

DTC will act as securities depository for any Notes issued as book-entry notes. Such Notes will be issued as fully-registered securities, in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered note certificate will be issued for each Note bearing the same rate of interest and CUSIP number and will be deposited with DTC.

DTC is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of certificates.

Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of the Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com) and [www.dtc.org](http://www.dtc.org).

Purchases of Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC’s records. The ownership interest of each actual purchaser of each Note (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Notes are to be accomplished by entries made on the books of Direct or Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interest in the Notes, except in the event that use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Notes with DTC and their registration in the name of Cede & Co., or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping accounts of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Beneficial Owners of the Notes may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Notes, such as redemptions, tenders, defaults, and proposed amendments to the Note documents. For example, Beneficial Owners of the Notes may wish to ascertain that the nominee holding the Notes for their benefit has agreed to obtain and transmit notices to the Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Notes unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the issuer as soon as possible after the record date. The omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Notes will be made to Cede & Co. or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts upon DTC’s receipt of funds and corresponding detail information from the Village on the payable date, in accordance with their respective holdings shown on DTC’s records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participant and not of DTC (nor its nominee) or the Village, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Village, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Notes at any time by giving reasonable notice to the Village. Under such circumstances, in the event that a successor depository is not obtained, note certificates are required to be printed and delivered to the Noteowners. The Village may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In such event, note certificates will be printed and delivered to the Noteowners.

The information contained in the above section concerning DTC and DTC’s book-entry system has been obtained from sample offering document language supplied by DTC, but the Village takes no responsibility for the accuracy thereof. In addition, the Village will not have any responsibility or obligation to participants, to indirect participants or to any beneficial owner with respect to: (i) the accuracy of any records maintained by DTC, any participant or any indirect participant; (ii) the payments by DTC or any participant or any indirect participant of any amount with respect to the principal of, or premium, if any, or interest on the Notes or (iii) any notice which is permitted or required to be given to Noteowners.

### Authorization and Purpose

The Notes are being issued pursuant to the Constitution and statutes of the State of New York, including among others, the Village Law and the Local Finance Law, and three bond resolutions duly adopted by the Board of Trustees of the Village as follows:

Date of Authorization	Purpose	Amount Outstanding	Amount to be Paid	Additional Amount to be Issued	Total Amount to be Issued
09/25/2019	Acquisition of Fire Truck	\$ 400,000	\$100,000		\$ 300,000
09/25/2019	Construction and Installation of Improvements to Water Supply System	1,300,000	50,000		1,250,000
09/25/2019	Construction and Installation of Improvements to Water Supply System	400,000	50,000		350,000
08/26/2020	Construction of the East of Wallkill Emergency Operations Center			800,000	800,000
		<u>\$2,100,000</u>	<u>\$200,000</u>	<u>\$800,000</u>	<u>\$2,700,000</u>

### Disclosure Undertaking for the Notes

This Official Statement is in a form “deemed final” by the Village for the purposes of Securities and Exchange Commission Rule 15c2-12 (the “Rule”). At the time of the delivery of the Notes, the Village will provide an executed copy of its “Undertaking to Provide Notices of Events” (the “Undertaking”). Said Undertaking will constitute a written agreement or contract of the Village for the benefit of holders of and owners of beneficial interests in the Notes, to provide, or cause to be provided, to the Electronic Municipal Market Access (“EMMA”) System implemented by the Municipal Securities Rulemaking Board established pursuant to Section 15B(b)(1) of the Securities Exchange Act of 1934, or any successor thereto, timely notice not in excess of ten (10) business days after the occurrence of any of the following events with respect to the Notes:

- (i) principal and interest payment delinquencies; (ii) non-payment related defaults, if material; (iii) unscheduled draws on debt service reserves reflecting financial difficulties; (iv) unscheduled draws on credit enhancements reflecting financial difficulties; (v) substitution of credit or liquidity providers, or their failure to perform; (vi) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices of determinations with respect to the tax status of the Notes, or other material events affecting the tax status of the Notes; (vii) modifications to rights of Noteholders, if material; (viii) Note calls, if material, and tender offers; (ix) defeasances; (x) release, substitution, or sale of property securing repayment of the Notes, if material; (xi) rating changes; (xii) bankruptcy, insolvency, receivership or similar event of the Village; (xiii) the consummation of a merger, consolidation, or acquisition involving the Village or the sale of all or substantially all of the assets of the Village, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; (xiv) appointment of a successor or additional trustee or the change of name of a trustee, if material, (xv) incurrence of a “financial obligation” of the Village, if material, or agreement to covenants, events of default, remedies, priority rights or other similar terms of a financial obligation, any of which affect security holders, if material; and (xvi) default, event of acceleration, termination event, modification of terms or other similar events under a financial obligation of the Village, if any, such event reflects financial difficulties.

Event (iii) is included pursuant to a letter from the SEC staff to the National Association of Bond Lawyers, dated September 19, 1995. However, event (iii) is not applicable, since no “debt service reserves” will be established for the Notes.

With respect to event (iv) the Village does not undertake to provide any notice with respect to credit enhancement added after the primary offering of the Notes.

For the purposes of the event identified in (xii) of this section, the event is considered to occur when any of the following occur: The appointment of a receiver, fiscal agent or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the obligated person, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the obligated person.

The Village may provide notice of the occurrence of certain other events, in addition to those listed above, if it determines that any such other event is material with respect to the Notes; but the Village does not undertake to commit to provide any such notice of the occurrence of any event except those events listed above.

The Village’s Undertaking shall remain in full force and effect until such time as the principal of, redemption premiums, if any, and interest on the Notes shall have been paid in full. The sole and exclusive remedy for breach or default under the Undertaking is an action to compel specific performance of the undertakings of the Village, and no person or entity, including a holder of the Notes, shall be entitled to recover monetary damages thereunder under any circumstances. Any failure by the Village to comply with the Undertaking will not constitute a default with respect to the Notes.

The Village reserves the right to amend or modify the Undertaking under certain circumstances set forth therein; provided that, any such amendment or modification will be done in a manner consistent with Rule 15c2-12 as then in effect.

### **Security and Source of Payment**

Each Note when duly issued and paid for will constitute a contract between the Village and the holder thereof.

The Notes will be general obligations of the Village and will contain a pledge of the faith and credit of the Village for the payment of the principal thereof and the interest thereon. For the payment of such principal of and interest on the Notes, the Village has the power and statutory authorization to levy ad valorem taxes on all taxable real property in the Village, subject to certain statutory limitations imposed by the Tax Levy Limit Law. (See “*Tax Levy Limit Law*,” herein).

Under the Constitution of the State, the Village is required to pledge its faith and credit for the payment of the principal of and interest on the Notes, and the State is specifically precluded from restricting the power of the Village to levy taxes on real estate for the payment of interest on or principal of indebtedness theretofore contracted. However, the Tax Levy Limit Law imposes a statutory limitation on the Village’s power to increase its annual tax levy, unless the Village complies with certain procedural requirements to permit the Village to levy certain year-to-year increases in real property taxes. (See “*Tax Levy Limit Law*,” herein).

### **MARKET FACTORS AFFECTING FINANCINGS OF THE MUNICIPALITIES OF THE STATE**

There are certain potential risks associated with an investment in the Notes, and investors should be thoroughly familiar with this Official Statement, including its appendices, in order to make an informed investment decision. Investors should consider, in particular, the following factors:

The Village’s credit rating could be affected by circumstances beyond the Village’s control. Economic conditions such as the rate of unemployment and inflation, termination of commercial operations by corporate taxpayers and employers, as well as natural catastrophes, could adversely affect the assessed valuation of Village property and its ability to maintain fund balances and other statistical indices commensurate with its current credit rating. As a consequence, a decline in the Village’s credit rating could adversely affect the market value of the Notes.

If and when an owner of any of the Notes should elect to sell a Note prior to its maturity, there can be no assurance that a market will have been established, maintained and continue in existence for the purchase and sale of any of those Notes. The market value of the Notes is dependent upon the ability of holder to potentially incur a capital loss if such Note is sold prior to its maturity.

There can be no assurance that adverse events including, for example, the seeking by another municipality in the State or elsewhere of remedies pursuant to the Federal Bankruptcy Act or otherwise, will not occur which might affect the market price of and the market for the Notes. In particular, if a significant default or other financial crisis should occur in the affairs of the State or any of its municipalities, public authorities or other political subdivisions thereby possibly further impairing the acceptability of obligations issued by those entities, both the ability of the Village to arrange for additional borrowing(s) as well as the market for and market value of outstanding debt obligations, including the Notes, could be adversely affected.

The Village is dependent in part upon financial assistance from the State in the form of State aid as well as grants and loans to be received ("State Aid"). The availability of such monies and the timeliness of such payment may be affected by a delay in the adoption of the State budget, the impact to the State's economy and financial condition due to the COVID-19 outbreak and other circumstances, including State fiscal stress. State aid appropriated and apportioned to the Village can be paid only if the State has such monies available therefor. Should the Village fail to receive all or a portion of the amounts of State Aid expected to be received from the State in the amounts and at the times anticipated, occasioned by a delay in the payment of such moneys, the Village is authorized pursuant to the Local Finance Law ("LFL") to provide operating funds by borrowing in anticipation of the receipt of such uncollected State Aid, however, there can be no assurance that, in such event, the Village will have market access for any such borrowing on a cost effective basis. (See also "*State Aid*" herein.)

Future amendments to applicable statutes whether enacted by the State or the United States of America affecting the treatment of interest paid on municipal obligations, including the Notes, for income taxation purposes could have an adverse effect on the market value of the Notes (see "*Tax Matters*" herein).

The enactment of the Tax Levy Limit Law, which imposes a tax levy limitation upon municipalities, school districts and fire districts in the State, including the Village, without providing exclusion for debt service on obligations issued by municipalities and fire districts, including the Village, may affect the market price and/or marketability for the Notes. (See "*Tax Levy Limit Law*" herein.)

Federal or State legislation imposing new or increased mandatory expenditures by municipalities, school districts and fire districts in the State, including the Village, could impair the financial condition of such entities, including the Village, and the ability of such entities, including the Village, to pay debt service on the Notes.

## **REMEDIES UPON DEFAULT**

Neither the Notes, nor the proceedings with respect thereto, specifically provide any remedies which would be available to owners of the Notes should the Village default in the payment of principal of or interest on the Notes, nor do they contain any provisions for the appointment of a trustee to enforce the interests of the owners of the Notes upon the occurrence of any such default. Each Note is a general obligation contract between the Village and the owners for which the faith and credit of the Village are pledged and while remedies for enforcement of payment are not expressly included in the Village's contract with such owners, any permanent repeal by statute or constitutional amendment of a bond or note holder's remedial right to judicial enforcement of the contract should, in the opinion of Bond Counsel, be held unconstitutional.

Upon default in the payment of principal of or interest on the Notes, at the suit of the owner, a Court has the power, in proper and appropriate proceedings, to render judgment against the Village. The present statute limits interest on the amount adjudged due to contract creditors to nine per centum per annum from the date due to the date of payment. As a general rule, property and funds of a municipal corporation serving the public welfare and interest have not been judicially subjected to execution or attachment to satisfy a judgment. A Court also has the power, in proper and appropriate proceedings, to order payment of a judgment on such Notes from funds lawfully available therefor or, in the absence thereof, to order the Village to take all lawful action to obtain the same, including the raising of the required amount in the next annual tax levy. In exercising its discretion as to whether to issue such an order, the Court may take into account all relevant factors, including the current operating needs of the Village and the availability and adequacy of other remedies. Upon any default in the payment of the principal of or interest on a Note, the owner of such Note could, among other remedies, seek to obtain a writ of mandamus from a Court ordering the governing body of the Village to assess, levy and collect an *ad valorem* tax, upon all taxable property of the Village subject to taxation by the Village, sufficient to pay the principal of and interest on the Notes as the same shall come due and payable (and interest from the due date to date of payment) and otherwise to observe the covenants contained in the Notes and the proceedings with respect thereto all of which are included in the contract with the owners of the Notes. The mandamus remedy, however, may be impracticable and difficult to enforce. Further, the right to enforce payment of the principal of or interest on the Notes may be limited by bankruptcy, insolvency, reorganization, moratorium and similar laws and equitable principles, which may limit the specific enforcement of certain remedies.

In 1976, the New York Court of Appeals, the State's highest court, held in *Flushing National Bank v. Municipal Assistance Corporation for the City of New York*, 40 N.Y.2d 731 (1976), that the New York State legislation purporting to postpone the payment of debt service on New York City obligations was an unconstitutional moratorium in violation of the New York State constitutional faith and credit mandate included in all municipal debt obligations. While that case can be viewed as a precedent for protecting the remedies of holders of bonds or notes of the Village, there can be no assurance as to what a Court may determine with respect to future events, including financial crises as they may occur in the State and in municipalities of the State, that require the exercise by the State of its emergency and police powers to assure the continuation of essential public services. (See also, *Flushing National Bank v. Municipal Assistance Corporation for the City of New York*, 40 N.Y.2d 1088 (1977), where the Court of Appeals described the pledge as a direct Constitutional mandate.)

As a result of the Court of Appeals decision, the constitutionality of that portion of Title 6-A of Article 2 of the Local Finance Law enacted at the 1975 Extraordinary Session of the State legislature authorizing any county, city, town or village with respect to which the State has declared a financial emergency to petition the State Supreme Court to stay the enforcement against such municipality of any claim for payment relating to any contract, debt or obligation of the municipality during the emergency period, is subject to doubt. In any event, no such emergency has been declared with respect to the Village.

Pursuant to Article VIII, Section 2 of the State Constitution, the Village is required to provide an annual appropriation of monies for the payment of due and payable principal of and interest on indebtedness. Specifically, this constitutional provision states: "If at any time the respective appropriating authorities shall fail to make such appropriations, a sufficient sum shall be set apart from the first revenues thereafter received and shall be applied to such purposes. The fiscal officer of any county, city, town, village or school district may be required to set aside and apply such revenues as aforesaid at the suit of any holder of obligations issued for any such indebtedness." This constitutes a specific non-exclusive constitutional remedy against a defaulting municipality or school district; however, it does not apply in a context in which monies have been appropriated for debt service but the appropriating authorities decline to use such monies to pay debt service. However, Article VIII, Section 2 of the Constitution of the State also provides that the fiscal officer of any county, city, town, village or school district may be required to set apart and apply such revenues at the suit of any holder of any obligations of indebtedness issued with the pledge of the faith of the credit of such political subdivision. In *Quirk v. Municipal Assistance Corp.*, 41 N.Y.2d 644 (1977), the Court of Appeals described this as a "first lien" on revenues, but one that does not give holders a right to any particular revenues. It should thus be noted that the pledge of the faith and credit of a political subdivision in the State is a pledge of an issuer of a general obligation bond or note to use its general revenue powers, including, but not limited to, its property tax levy, to pay debt service on such obligations, but that such pledge may or may not be interpreted by a court of competent jurisdiction to include a constitutional or statutory lien upon any particular revenues. The Constitutional provision providing for first revenue set asides does not apply to tax anticipation notes, revenue anticipation notes or bond anticipation notes.

While the courts in the State have historically been protective of the rights of holders of general obligation debt of political subdivisions, it is not possible to predict what a future court might hold.

In prior years, certain events and legislation affecting a holder's remedies upon default have resulted in litigation. While courts of final jurisdiction have generally upheld and sustained the rights of holders of bonds or notes, such courts might hold that future events, including a financial crisis as such may occur in the State or in political subdivisions of the State, may require the exercise by the State or its political subdivisions of emergency and police powers to assure the continuation of essential public services prior to the payment of debt service.

## **MUNICIPAL BANKRUPTCY**

The undertakings of the Village should be considered with reference, specifically, to Chapter IX of the Bankruptcy Act, 11 U.S.C. §401, et seq., as amended ("Chapter IX") and, in general, to other bankruptcy laws affecting creditors' rights and municipalities. Chapter IX permits any political subdivision, public agency or instrumentality that is insolvent or unable to meet its debts (i) to file a petition in a Court of Bankruptcy for the purpose of effecting a plan to adjust its debts provided such entity is authorized to do so by applicable state law; (ii) directs such a petitioner to file with the court a list of a petitioner's creditors; (iii) provides that a petition filed under such chapter shall operate as a stay of the commencement or continuation of any judicial or other proceeding against the petitioner; (iv) grants priority to debt owed for services or material actually provided within three (3) months of the filing of the petition; (v) directs a petitioner to file a plan for the adjustment of its debts; and (vi) provides that the plan must be accepted in writing by or on behalf of creditors holding at least two-thirds (2/3) in amount or more than one-half (1/2) in number of the listed creditors.

Bankruptcy proceedings by the Village could have adverse effects on holders of bonds or notes including (a) delay in the enforcement of their remedies, (b) subordination of their claims to those supplying goods and services to the Village after the initiation of bankruptcy proceedings and to the administrative expenses of bankruptcy proceedings and (c) imposition without their consent of a reorganization plan reducing or delaying payment of the Notes. The Bankruptcy Code contains provisions intended to ensure that, in any reorganization plan not accepted by at least a majority of a class of creditors such as the holders of general obligation bonds, such creditors will have the benefit of their original claim or the “indubitable equivalent”. The effect of these and other provisions of the Bankruptcy Code cannot be predicted and may be significantly affected by judicial interpretation.

Accordingly, enforceability of the rights and remedies of the owners of the Notes, and the obligations incurred by the Village, may become subject to Chapter IX and applicable bankruptcy, insolvency, reorganization, moratorium, or similar laws relating to or affecting the enforcement of creditor’s rights generally, now or hereafter in effect, equity principles which may limit the specific enforcement under State law of certain remedies, the exercise by the United States of America of the powers delegated to it by the Constitution, the reasonable and necessary exercise, in certain exceptional situations, of the police powers inherent in the sovereignty of the State and its governmental bodies in the interest of serving a significant and legitimate public purpose and the limitations on remedies against public agencies in the State. Bankruptcy proceedings, or the exercise of powers by the federal or State government, if initiated, could subject the owners of the Notes to judicial discretion, interpretation and of their rights in bankruptcy or otherwise, and consequently may entail risks of delay, limitation, or modification of their rights.

The State has consented (see Title 6-A of the Local Finance Law) that any municipality in the State may file a petition with any United States district court or court of bankruptcy under any provision of the laws of the United States, now or hereafter in effect for the composition or adjustment of municipal indebtedness. However, it is noted that there is no record of any recent filings by a New York municipality. Since the New York City fiscal crisis in 1975, the State has legislated a finance control or review board and assistance corporations to monitor and restructure finance matters in addition to New York City, for the Cities of Yonkers, Troy and Buffalo and for the Counties of Nassau and Erie. Similar active intervention pursuant to State legislation to relieve fiscal stress for the Village in the future cannot be assured.

No current state law purports to create any priority for holders of the Notes should the Village be under the jurisdiction of any court, pursuant to the laws of the United States, now or hereafter in effect, for the composition or adjustment of municipal indebtedness.

The above references to the Bankruptcy Act are not to be construed as an indication that the Village is currently considering or expects to resort to the provisions of the Bankruptcy Act.

### **Financial Control Boards**

Pursuant to Article IX Section 2(b)(2) of the State Constitution, any municipality in the State may request the intervention of the State in its “property, affairs and government” by a two-thirds vote of the total membership of its legislative body or on request of its chief executive officer concurred in by a majority of such membership. This has resulted in the adoption of special acts for the establishment of public benefit corporations with varying degrees of authority to control the finances (including debt issuance) of the Cities of Buffalo, Troy and Yonkers and the County of Nassau. The specific authority, powers and composition of the financial control boards established by these acts varies based upon circumstances and needs. Generally, the State legislature has granted such boards the power to approve or disapprove budget and financial plans and to issue debt on behalf of the municipality, as well as to impose wage and/or hiring freezes and in certain cases approve or disapprove collective bargaining agreements. Implementation is generally left to the discretion of the board of the public benefit corporation. Such a State financial control board was first established for New York City in 1975. In addition, upon the issuance of a certificate of necessity of the Governor reciting facts which in the judgment of the Governor constitute an emergency requiring enactment of such laws, with the concurrences of two-thirds of the members elected in each house of the State legislature, the State is authorized to intervene in the “property, affairs and governments” of local government units. This occurred in the case of the County of Erie in 2005. The authority of the State to intervene in the financial affairs of a local government is further supported by Article VIII, Section 12 of the Constitution which declares it to be the duty of the State legislature to restrict, subject to other provisions of the Constitution, the power of taxation, assessment, borrowing money and contracting indebtedness and loaning the credit of counties, cities, towns and villages so as to prevent abuses in taxation and assessment and in contracting indebtedness by them.

In 2013, the State established a new state advisory board to assist counties, cities, towns and villages in financial distress. The Financial Restructuring Board for Local Governments (the "FRB"), is authorized to conduct a comprehensive review of the finances and operations of any such municipality deemed by the FRB to be fiscally eligible for its services upon request by resolution of the municipal legislative body and concurrence of its chief executive. The FRB is authorized to make recommendations for, but cannot compel improvement of fiscal stability, management and delivery of municipal services, including shared services opportunities and is authorized to offer grants and/or loans of up to \$5,000,000 through a Local Government Performance and Efficiency Program to undertake certain recommendations. If a municipality agrees to undertake the FRB recommendations, it will be automatically bound to fulfill the terms in order to receive the aid.

The FRB is also authorized to serve as an alternative arbitration panel for binding arbitration.

Although from time to time there have been proposals for the creation of a statewide financial control board with broad authority over local governments in the State, the FRB does not have emergency financial control board powers to intervene in the finances and operations of entities such as the public benefit corporations established by special acts as described above.

Several municipalities in the State are presently working with the FRB. The Village has not applied to the FRB and does not reasonably anticipate submission of a request to the FRB for a comprehensive review of its finances and operations. School districts and fire districts are not eligible for FRB assistance.

### **No Past Due Debt**

No principal or interest payment on Village indebtedness is past due. The Village has never defaulted in the payment of the principal of and/or interest on any indebtedness.

## **THE VILLAGE OF NEW PALTZ**

There follows in this Official Statement a brief description of the Village together with certain information concerning its economy, governmental organization, indebtedness, current major revenue sources, and general and specific funds.

### **Description**

The Village is situated wholly within in the Town of New Paltz (the "Town"), which lies approximately 90 miles north of New York City. The Village was founded in 1677 by French Huguenots and then incorporated in 1887 with a land area of approximately 1.7 miles. According to interim data obtained from the US Census Bureau (the American Community Survey – 5 Year estimate), the 2018 population of the Village was 7,175 persons, which represents an increase of approximately 3.3% since the last official Census taken in 2010 (see "Economic and Demographic Info," herein). Higher education has been one of the main concerns of the community since the 1830's. The State University of New York at New Paltz, one of the largest employers in the County, is located in the Village.

### **Government**

The Village was established as a municipal government by the State and is vested with such powers and has the responsibilities inherent in the operation of municipal government, including the adoption of rules and regulations to govern its affairs. In addition, the Village may tax real property situated in its boundaries and incur debt subject to the provisions of the State's Local Finance Law. There is one independent public school district situated in the Village that possesses the same powers with respect to taxation and debt issuance. Village residents also pay real property taxes to the Town and County to support programs conducted by these two governmental entities.

Government operations of the Village are subject to the provisions of the State Constitution and various statutes affecting village governments including the Village Law, the General Municipal Law and the Local Finance Law. Real property assessment, collection, and enforcement procedures are determined by the Real Property Tax Law. The Village is responsible for the collection of Village taxes. Other taxes levied in the Village are collected by the Town or School District, and enforced by the County.

The Board of Trustees or “the Board” is the legislative, appropriating, governing and policy determining body of the Village and consists of four trustees, elected at large to serve a four-year term, plus the Mayor. Trustees may serve an unlimited number of terms. It is the responsibility of the Board of Trustees to enact, by resolution, all legislation including ordinances and local laws. Annual operating budgets for the Village must be approved by the Board; modifications and transfers between budgetary appropriations also must be authorized by the Board. The original issuance of all Village indebtedness is subject to approval by the Board.

The Mayor is the Chief Executive Officer of the Village and is elected for a four-year term of office with the right to succeed himself. In addition, the Mayor is a full member and presiding officer of the Board. The Mayor is responsible for administering the daily activities of the Village and appoints department managers, subject to Board confirmation.

The Village Clerk and Treasurer are appointed by the Mayor, subject to confirmation by the Board of Trustees to serve a two-year term.

### Services

The Village provides its residents with many of the services traditionally provided by village government. A list of these services provided by the Village are as follows: water supply; sewer collection and treatment; highway and public facilities maintenance; cultural and recreational activities (Village and Town operate a pool facility under a joint cooperative agreement); building code enforcement; planning and zoning administration; and, fire protection.

The Town and County furnish certain other services, including police protection which is furnished by the Town Police Department and the County Sheriff’s Department. Pursuant to State law, the County is responsible for funding and providing various social service and health care programs such as Medicaid, aid to the families with dependent children, home relief and mental health programs. The County also operates a two-year community college, which offers associate degrees in various fields of study.

### Employees

The Village employs 16 full-time employees and 10 part-time employees. As shown in the below table, 10 full-time and 4 part-time employees are members of the CSEA union.

## INDEBTEDNESS OF THE VILLAGE

### Constitutional Requirements

The New York State Constitution limits the power of the Village (and other municipalities and school districts of the State) to issue obligations and to otherwise contract indebtedness. Such constitutional and statutory limitations include the following, in summary form, and are generally applicable to the Village and the Notes.

**Purpose and Pledge.** The Village shall not give or loan any money or property to or in aid of any individual or private corporation or private undertaking or give or loan its credit to or in aid of any of the foregoing or any public corporation.

The Village may contract indebtedness only for a Village purpose and shall pledge its faith and credit for the payment of principal of and interest thereon.

**Payment and Maturity.** Except for certain short-term indebtedness contracted in anticipation of taxes, or to be paid in one of the two fiscal years immediately succeeding the fiscal year in which such indebtedness was contracted, indebtedness shall be paid in annual installments commencing no later than two years after the date such indebtedness shall have been contracted and ending no later than the expiration of the periods of probable usefulness of the object or purpose determined by statute or, in the alternative, the weighted average period of probable usefulness of the several objects or purpose for which such indebtedness is to be contracted; no installment may be more than fifty per centum in excess of the smallest prior installment, unless the Village has authorized the issuance of indebtedness having substantially level or declining annual debt service. The Village is required to provide an annual appropriation for the payment of interest due during the year on its indebtedness and for the amounts required in such year for amortization and redemption of its serial bonds, bond anticipation notes and capital notes.

**General.** The Village is further subject to constitutional limitation by the general constitutionally imposed duty on the State Legislature to restrict the power of taxation, assessment, borrowing money, contracting indebtedness and loaning the credit of the Village so as to prevent abuses in the exercise of such powers; however, as has been noted under "*Security and Source of Payment*", the State Legislature is prohibited by a specific constitutional provision from restricting the power of the Village to levy taxes on real estate for the payment of interest on or principal of indebtedness theretofore contracted. However, the Tax Levy Limit Law imposes a statutory limitation on the Village's power to increase its annual tax levy, unless the Village complies with certain procedural requirements to permit the Village to levy certain year-to-year increases in real property taxes. (See "*Tax Levy Limit Law*," herein).

### Statutory Procedure

In general, the State Legislature has authorized the power and procedure for the Village to borrow and incur indebtedness subject, of course, to the constitutional and statutory provisions set forth above. The power to spend money, however, generally derives from other law, including the Village Law and the General Municipal Law.

Pursuant to the Local Finance Law, the Village authorizes the incurrence of indebtedness by the adoption of a bond resolution approved by at least two-thirds of the members of the Board of Trustees, except in the event that the Village determines to subject the bond resolution to voter approval by mandatory referendum, in which case only a three-fifths vote is required.

The Local Finance Law also provides a twenty-day statute of limitations after publication of a bond resolution with a statutory form of notice which, in effect, estops thereafter legal challenges to the validity of obligations authorized by such bond resolution except for alleged constitutional violations. Except on rare occasions, the village complies with this estoppel procedure.

Each bond resolution usually authorizes the construction, acquisition or installation of the object or purpose to be financed, sets forth the plan of financing and specifies the maximum maturity of the bonds subject to the legal (Constitution, Local Finance Law and case law) restrictions relating to the period of probable usefulness with respect thereto.

Each bond resolution also authorizes the issuance of bond anticipation notes prior to the issuance of serial bonds. Statutory law in New York permits notes to be renewed each year provided that principal is amortized and provided that such renewals do not (with certain exceptions) extend more than five years beyond the original date of borrowing. However, notes issued in anticipation of the sale of serial bonds for assessable improvements are not subject to such five-year limit and may be renewed subject to annual reductions of principal for the entire period of probable usefulness of the purpose for which such notes were originally issued. (See "*Payment and Maturity*" under "*Constitutional Requirements*").

In addition, under each bond resolution, the Board of Trustees may delegate, and has delegated, power to issue and sell bonds and notes, to the Village Treasurer, the chief fiscal officer of the Village.

In general, the Local Finance Law contains similar provisions providing the Village with power to issue general obligation revenue anticipation notes, tax anticipation notes, deficiency notes and budget notes.

**Debt Limit.** The Village has the power to contract indebtedness for any Village purpose so long as the aggregate outstanding principal amount thereof shall not exceed seven per centum of the average full valuation of taxable real estate of the Village and subject to certain enumerated exclusions and deductions such as water and certain sewer facilities and cash or appropriations for current debt service. The constitutional and statutory method for determining the full valuation is by dividing the assessed valuation of taxable real estate by the respective equalization rates assigned to each assessment roll. Such equalization rates are the ratios which each of such assessed valuations bear to the respective full valuation of such year, as assigned by the New York State Office of Real Property Services. The State Legislature is required to prescribe the manner by which such ratios shall be determined. Average full valuation is determined by adding the full valuations for the most recently completed assessment roll and the four immediately preceding assessments rolls and dividing the resulting sum of such addition by five.

There is no constitutional limitation on the amount that may be raised by the Village by tax on real estate in any fiscal year to pay principal and interest on all indebtedness. However, the Tax Levy Limit Law, imposes a statutory limitation on the power of the Village to increase its annual tax levy. The amount of such increases is limited by the formulas set forth in the Tax Levy Limit Law. (See "*Tax Levy Limit Law*," herein).

The following pages set forth certain details with respect to the indebtedness of the Village.

**Details of Short-Term Indebtedness Outstanding**

As of the date of this Official Statement, the Village has \$717,000 in bond anticipation notes outstanding that mature on September 16, 2021.

**Authorized but Unissued Indebtedness**

As of the date of this Official Statement, the Village has authorized but unissued debt outstanding in the amount of \$50,000 for the installation of storm sewers and \$3,033,386 for the construction of the East of Wallkill Emergency Operations Center. A portion of such authorized but unissued amount in the amount of \$800,000 will be financed by the issuance of the Notes.

**Capital Project Plans**

The Village is generally responsible for providing services as required to the residents on a Village-wide basis. The Village maintains a road system necessitating road resurfacing and improvements and sidewalk improvements and the acquisition of machinery and equipment from time to time. Additionally, although not a capital expense, such road system requires annual expenditures for snow removal as well as regular general operating maintenance expenses. In addition, the Village owns, operates, maintains and improves recreation facilities. In general, needs for capital funding for the above described projects for which the Village has the responsibility are anticipated to continue and to be in approximately the same amounts as have prevailed in the past. With respect to new financing by the Village, bond authorizations are not anticipated to be substantially different than have generally prevailed in the past.

## FINANCES OF THE VILLAGE

### Independent Audit

The financial statements of the Village are audited each year by an independent public accountant. The latest year for which an audited financial statement is available is the fiscal year ended May 31, 2019. The financial affairs of the Village are subject to periodic compliance review by the Office of the State Comptroller to ascertain whether the Village has complied with the requirements of various State and Federal statutes. As required by law, the Village also prepares an Annual Financial Report Update Document for submission to the State Comptroller. Such statement for fiscal year ending 2020 is attached as Appendix B. A summary of the operating results for the past five fiscal years is attached as Appendix A hereto.

### *Fund Structure and Accounts*

The Village utilizes fund accounting to record and report its various service activities. A fund represents both a legal and an accounting entity which segregates the transactions of specific programs in accordance with special regulations, restrictions or limitations.

There are two basic fund types: (1) governmental funds that are used to account for basic services and capital projects; (2) fiduciary funds that account for assets held in a trustee capacity. Account groups, which do not represent funds, are used to record fixed assets and long-term obligations that are not accounted for in a specific fund.

The Village presently maintains the following governmental funds: General Fund, Water Fund, Sewer Fund and the Capital Projects Fund. There are no proprietary funds. Account groups are maintained for fixed assets and long-term debt.

### *Basis of Accounting*

The Village's governmental funds are accounted for on a modified accrual basis of accounting. Under the modified accrual basis, revenues are recognized when they become susceptible to accrual - that is, when they become "measurable" and "available" to finance expenditures to the current period. Revenues which are susceptible to accrual include real property taxes, intergovernmental revenues (State and Federal aid) and operating transfers.

Expenditures are generally recognized under the modified accrual basis of accounting that is when the related fund liability is incurred. Exceptions to this general rule are (1) payments to employee retirement systems which are recorded in the General Long-Term Debt Account Group and recognized as an expenditure when due, and, (2) unmatured interest on general long-term debt which is recognized when due.

### **Investment Policy**

Pursuant to Section 39 of the State's General Municipal Law, the Village has an investment policy applicable to the investment of all moneys and financial resources of the Village. The responsibility for the investment program has been delegated by the Board to the Chief Financial Officer who was required to establish written operating procedures consistent with the Village's investment policy guidelines. According to the investment policy of the Village, all investments must conform to the applicable requirements of law and provide for: the safety of the principal; sufficient liquidity; and a reasonable rate of return.

### *Authorized Investments*

The Village has designated nine banks or trust companies located and authorized to conduct business in the State to receive deposits of money. The Village is permitted to invest in special time deposits or certificates of deposit.

In addition to bank deposits, the Village is permitted to invest moneys in direct obligations of the United States of America, obligations guaranteed by agencies of the United States where the payment of principal and interest are further guaranteed by the United States of America and obligations of the State. Other eligible investments for the Village include: revenue and tax anticipation notes issued by any municipality, school district or district corporation other than the Village (investment subject to approval of the State Comptroller); obligations of certain public authorities or agencies; obligations issued pursuant to Section 109(b) of the General Municipal Law (certificates of participation) and certain obligations of the Village, but only with respect to moneys of a reserve fund established pursuant to Section 6 of the General Municipal Law. The Village may also utilize repurchase agreements to the extent such agreements are based upon direct or guaranteed obligations of the United States of America. Repurchase agreements are subject to the following restrictions, among others: all repurchase agreements are subject to a master repurchase agreement; trading partners are limited to banks or trust companies authorized to conduct business in the State or primary reporting dealers as designated by the Federal Reserve Bank of New York; securities may not be substituted; and the custodian for the repurchase security must be a part other than the trading partner. All purchased obligations, unless registered or inscribed in the name of the Village, must be purchased through, delivered to and held in the custody of a bank or trust company located and authorized to conduct business in the State. Reverse redemption agreements are not allowed under State law.

## **Budgetary Procedures**

The Village Treasurer is responsible for the preparation and submission of the tentative annual budget to the Board no later than April 1. The Village Board reviews the tentative budget and prepares a preliminary budget and a public hearing is held thereon no later than April 15. Subsequent to the public hearing, revisions (if any) are made. The budget is then adopted by the Village Board by May 1 as final for the year beginning June 1. The budget is not subject to referendum. Municipal law provides that no expenditures may exceed budgeted appropriations. Any revisions to the annual budget proposed to accommodate changes in departments or other programs must be adopted by resolution of the Village Board. The annual budget is subject to the provisions of the Tax Levy Limit Law. (See "Tax Levy Limit Law" herein).

## **Financial Operations**

The Village Treasurer functions as the chief fiscal officer as provided in Section 2.00 of the Local Finance Law; in this role, the Village Treasurer is responsible for the Village's accounting and financial reporting activities. In addition, the Mayor is also the Village's budget officer and prepares the annual tentative budget for submission to the Board of Trustees. Budgetary control during the year is the responsibility of the Village Treasurer. Pursuant to Section 30.00 of the Local Finance Law, the Village Treasurer has been authorized to issue or renew certain specific types of notes. As required by law, the Village Treasurer must execute an authorizing certificate which then becomes a matter of public record.

The Board of Trustees, as a whole, serves as the finance board of the Village and is responsible for authorizing, by resolution, all material financial transactions such as operating and capital budgets and bonded debt.

Village finances are operated primarily through the General Fund. All real property taxes and most of the other Village revenues are credited to this fund. Current operating expenditures are paid from this fund subject to available appropriations. Capital projects and selected equipment purchases are accounted for in special capital projects funds. The Village observes a June 1 - May 31 fiscal year for operating and reporting purposes.

## **Revenues**

The Village receives most of its revenues from a real property tax on all non-exempt real property situated within the Village, non-property taxes, departmental income and state aid. A summary of such revenues for the five most recently completed fiscal years and estimated revenues for the current fiscal year may be found in Appendix A.

### *Real Property Taxes*

See "*Tax Information*", herein.

### *State Aid*

If the State should not adopt its budget in a timely manner, municipalities and school districts in the State, including the Village, may be affected by a delay in the payment of State aid. Additionally, if the State should experience difficulty in borrowing funds in anticipation of the receipt of State taxes in order to pay State aid to municipalities and school districts in the State, including the Village, in this year or future years, the Village may be affected by a delay in the receipt of State aid until sufficient State taxes have been received by the State to make State aid payments.

The State is not constitutionally obligated to maintain or continue State aid to the Village. No assurance can be given that present State aid levels will be maintained in the future. Currently, due to the outbreak of COVID-19, the State has declared a state of emergency and the Governor has taken steps designed to mitigate the spread and impacts of COVID-19, including closing schools and non-essential businesses. The outbreak of COVID-19 and the dramatic steps taken by the State to address it are expected to negatively impact the State's economy and financial condition. The full impact of COVID-19 upon the State is not expected to be known for some time; however, it is anticipated that the State will experience budgetary restrictions which will require certain gap-closing actions. Such actions may include, but are not limited to: reductions in State agency operations and/or the delay, elimination or substantial reduction in payments to municipalities, school districts or other recipients of State aid in the State. If this were to occur, reductions in the payment of State aid could adversely affect the financial condition of municipalities and school districts in the State, requiring either a counterbalancing increase in revenues from other sources to the extent available, or a curtailment of expenditures. (See also "*IMPACT OF COVID*" herein.)

The State's 2020-2021 Adopted Budget authorizes the State's Budget Director to make periodic adjustments to nearly all State spending, including State Aid, in the event that actual State revenues come in below 99% percent of estimates or if actual disbursements exceed 101% of estimates. Specifically, the legislation provides that the State Budget Director will determine whether the State's 2020-2021 budget is balanced during three "measurement periods": April 1 to April 30, May 1 to June 30, and July 1 to December 31. According to the legislation, if "a General Fund imbalance has occurred during any Measurement Period," the State's Budget Director will be empowered to "adjust or reduce any general fund and/or state special revenue fund appropriation ... and related cash disbursement by any amount needed to maintain a balanced budget," and "such adjustments or reductions shall be done uniformly across the board to the extent practicably or by specific appropriations as needed." The legislation further provides that prior to making any adjustments or reductions, the State's Budget Director must notify the Legislature in writing and the Legislature has 10 days following receipt of such notice to prepare and approve its own plan. If the Legislature fails to approve its own plan, the Budget Director's reductions take effect automatically.

It is anticipated that the State Budget Director's powers discussed herein will be activated and across-the-board and targeted reductions to local aid programs will be taken to close a substantial portion of the State fiscal year 2021 budget gap caused by the receipts shortfall. On April 25, 2020 the New York State Division of the Budget announced that the State fiscal year 2021 Enacted State Budget Financial Plan (the "Financial Plan"), projects a \$13.3 billion shortfall as a direct consequence of the COVID-19 pandemic. As a result, in the absence of Federal assistance, initial budget control actions are expected to significantly reduce State spending in several areas, including "aid-to-localities," a broad spending category that includes funding for health care, K-12 schools, and higher education as well as support for local governments, public transit systems, and not-for-profits. Reduced receipts are expected to carry through each subsequent year of the four year Financial Plan through State fiscal year 2024. Reductions or delays in the payment of State aid could adversely affect the financial condition of municipalities and school districts in the State.

The Governor's Executive Budget for the State's 2019-2020 fiscal year included the elimination of State Aid and Incentives for Municipalities ("AIM") for certain municipalities, including the Village. However, in the State's final 2019-2020 Executive Budget, additional sales tax revenue from the elimination of the internet tax advantage will be used to keep towns and villages whole. The Governor's Executive Budget for the State's 2020-2021 fiscal year maintains the Aid and Incentives for Municipalities ("AIM") Related Revenue Sharing consistent with the 2019-2020 Enacted Budget.

The State receives a substantial amount of federal aid for health care, education, transportation and other governmental purposes, as well as federal funding to respond to, and recover from, severe weather events and other disasters. Many of the policies that drive this federal aid may be subject to change under the federal administration and the current Congress. Current federal aid projections, and the assumptions on which they rely, are subject to revision in the future as a result of changes in federal policy, the general condition of the global and national economies and other circumstances, including the diversion of federal resources to address the current COVID-19 outbreak.

The federal government may enact budgetary changes or take other actions that adversely affect State finances. State legislation adopted with the State's 2019-2020 Budget continues authorization for a process by which the State would manage significant reductions in federal aid during Federal fiscal year 2020 should they arise. Specifically, the legislation allows the State Budget Director to prepare a plan for consideration by the State Legislature in the event that the federal government (i) reduces federal financial participation in Medicaid funding to the State or its subdivisions by \$850 million or more; or (ii) reduces federal financial participation of other federal aid funding to the State that affects the State Operating Funds financial plan by \$850 million or more, exclusive of any cuts to Medicaid. Each limit is triggered separately. The plan prepared by the State Budget Director must equally and proportionately reduce appropriations and cash disbursements in the State's General Fund and State Special Revenue Funds. Upon receipt of the plan, the State Legislature has 90 days to prepare its own corrective action plan, which may be adopted by concurrent resolution passed by both houses, or the plan submitted by the State Budget Director takes effect automatically.

Should the Village fail to receive State aid expected from the State in the amounts and at the times expected, occasioned by a delay in the payment of such monies or by a mid-year reduction in State aid, the Village is authorized by the Local Finance Law to provide operating funds by borrowing in anticipation of the receipt of uncollected State aid.

The following table sets forth the percentage of the Village’s General Fund revenue (including transfers) comprised of State aid for each of the fiscal years 2016 through 2020, and as budgeted for 2021.

<u>Fiscal Year</u> <u>Ending May 31:</u>	<u>Total</u> <u>Revenue</u>	<u>State Aid</u>	<u>State Aid to</u> <u>Revenues (%)</u>

On December 22, 2017, President Trump signed into law the Tax Cuts and Jobs Act of 2017 (H.R. 1, P.L. 115-97), making major changes to the Federal Internal Revenue Code, most of which became effective in the 2018 tax year. The new federal tax law makes extensive changes to federal personal income taxes, corporate income taxes, and estate taxes, and the deductibility of various taxes and interest costs. The State’s income tax system interacts with the federal system in numerous ways. The federal changes are expected to have significant flow-through effects on State tax burdens and revenues.

**The State Comptroller’s Fiscal Stress Monitoring System and OSC Compliance Reviews**

The New York State Comptroller has reported that New York State’s school districts and municipalities are facing significant fiscal challenges. As a result, the Office of the State Comptroller has developed a Fiscal Stress Monitoring System (“FSMS”) to provide independent, objectively measured and quantifiable information to school districts and municipal officials, taxpayers and policy makers regarding the various levels of fiscal stress under which the State’s school districts and municipalities are operating.

The fiscal stress scores are based on financial information submitted as part of each school ST-3 report filed with the State Education Department annually, and each municipality’s annual report filed with the Office of the State Comptroller (OSC). Using financial indicators that include year-end fund balance, cash position and patterns of operating deficits, the system creates an overall fiscal stress score which classifies whether a school district or municipality is in “significant fiscal stress”, in “moderate fiscal stress,” as “susceptible to fiscal stress” or “no designation”. Entities that do not accumulate the number of points that would place them in a stress category will receive a financial score but will be classified in a category of “no designation.” This classification should not be interpreted to imply that the entity is completely free of fiscal stress conditions. Rather, the entity’s financial information, when objectively scored according to the FSMS criteria, did not generate sufficient points to place them in one of the three established stress categories.

The most current applicable report of OSC designates the Village as “No Designation” (Fiscal Score: 5.0%, Environmental Score: 30.0%) in 2019. More information on the FSMS may be obtained from the Office of the State Comptroller.

In addition, OSC helps local government officials manage government resources efficiently and effectively. The Comptroller oversees the fiscal affairs of local governments statewide, as well as compliance with relevant statutes and observance of good business practices. This fiscal oversight is accomplished, in part, through its audits, which identify opportunities for improving operations and governance. The most recent report was released on December 15, 2017. The purpose of such audit was to determine whether Village Officials had adequate internal controls over building department operations. The complete report may be found on the State Comptroller’s official website.

## Employee Pension System

Substantially all employees of the Village are members of the New York State and Local Employees' Retirement System ("ERS" or the "Retirement System"). The Retirement System is a cost-sharing multiple public employee retirement system. The obligation of employers and employees to contribute and the benefits to employees are governed by the New York State Retirement and Social Security Law (the "Retirement System Law"). The Retirement System offers a wide range of plans and benefits which are related to years of service and final average salary, vesting of retirement benefits, death and disability benefits and optional methods of benefit payments. All benefits generally vest after five years of credited service, except for members hired on or after January 1, 2010 whose benefits vest after ten years of credited service. The Retirement System Law generally provides that all participating employers in the Retirement System are jointly and severally liable for any unfunded amounts. Such amounts are collected through annual billings to all participating employers. Generally, all employees, except certain part-time employees, participate in the Retirement System. The Retirement System is non-contributory with respect to members hired prior to July 27, 1976. All members hired on or after July 27, 1976 through and including December 31, 2009, must contribute three percent of their gross annual salary towards the costs of retirement programs until they attain ten years in the Retirement System, at such time contributions become voluntary. Members hired after on or after January 1, 2010 must contribute three or more percent of their gross annual salary toward the costs of retirement programs for the duration of their employment.

Additionally, on March 16, 2012, Governor signed into law the new Tier 6 pension program, effective for new ERS employees hired after April 1, 2012. The Tier 6 legislation provides, among other things, for increased employee contribution rates of between 3% and 6%, an increase in the retirement age from 62 years to 63 years, a readjustment of the pension multiplier, and a change in the time period for final average salary calculation from 3 years to 5 years. Tier 6 employees will vest in the system after ten years of employment and will continue to make employee contributions throughout employment.

Beginning July 1, 2013, a voluntary defined contribution plan option was made available to all unrepresented employees of New York State public employers hired on or after that date, and who earn \$75,000 or more on an annual basis.

The New York State Retirement System allows municipalities to make employer contribution payments in December of each year, at a discount, or the following February, as required. The Village generally opts to make its pension payments in December in order to take advantage of the discounted rate.

Due to significant capital market declines in 2008 and 2009, the State's Retirement System portfolio experienced negative investment performance and severe downward trends in market earnings. As a result of the foregoing, the employer contributions for the State's Retirement System continue to be higher than the minimum contribution rate established by Chapter 49. Legislation was enacted that permits local governments and school districts to borrow a portion of their required payments from the state pension plan at an interest rate of 5%. The legislation also requires those local governments and school districts that amortize their pension obligations pursuant to the regulation to establish reserve accounts to fund payment increases that are a result of fluctuations in pension plan performance. The Village does not currently amortize any pension payments.

### Payments to the Retirement Systems

Fiscal Year <u>Ending May 31:</u>	Employees' Retirement <u>System</u>
2016	\$173,812
2017	132,318
2018	142,895
2019	139,167
2020	137,305
2021 (Budgeted)	148,020

### Expenditures

The major categories of expenditure for the Village are General Government Support, Public Safety, Culture and Recreation, Home & Community Services and Employee Benefits. A summary of the expenditures for the five most recently completed fiscal years and the estimated expenditures for the current fiscal year may be found in Appendix A.

## Other Post-Employment Benefits

The Village provides post-retirement healthcare benefits to various categories of former employees. These costs may be expected to rise substantially in the future. Accounting rules now require governmental entities, such as the Village, to account for post-retirement health care benefits as its accounts for vested pension benefits. GASB Statement No. 75 (“GASB 75”) described below requires such accounting.

GASB Statement No. 75 of the Governmental Accounting Standards Board (“GASB”), requires state and local governments to account for and report their costs associated with post-retirement healthcare benefits and other non-pension benefits (“OPEB”). GASB 75 generally requires that employers account for and report the annual cost of the OPEB and the outstanding obligations and commitments related to OPEB in essentially the same manner as they currently do for pensions. Under previous rules, these benefits have generally been administered on a pay-as-you-go basis and have not been reported as a liability on governmental financial statements. Only current payments to existing retirees were recorded as an expense.

GASB 75 requires that state and local governments adopt the actuarial methodologies to determine annual OPEB costs. Annual OPEB cost for most employers will be based on actuarially determined amounts that, if paid on an ongoing basis, generally would provide sufficient resources to pay benefits as they come due.

Beginning after June 15, 2017, the Village adopted GASB 75, which supersedes and eliminates GASB 45. Under GASB 75, based on actuarial valuation, an annual required contribution (“ARC”) will be determined for each state or local government. The ARC is the sum of (a) the normal cost for the year (the present value of future benefits being earned by current employees) plus (b) amortization of the unfunded accrued liability (benefits already earned by current and former employees but not yet provided for), using an amortization period of not more than 30 years. If a municipality contributes an amount less than the ARC, a net OPEB obligation will result, which is required to be recorded as a liability on its financial statements.

GASB 75 establishes new standards for recognizing and measuring OPEB liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures to provide more transparent reporting and useful information about the liability and cost of benefits. Municipalities and school districts are required to account for OPEB within the financial statements rather than only noted in the footnotes as previously required by GASB 45. It is measured as of a date no earlier than the end of the employer’s prior fiscal year and no later than the employer’s current fiscal year. The discount rate is based on 20-year, tax exempt general obligation municipal bonds. There is no amortization of prior service cost.

The Village’s total OPEB liability at May 31, 2019 is as follows:

<u>Changes in the Total OPEB Liability</u>	<u>Fiscal Year Ending December 31, 2018:</u>
Total OPEB liability as of May 31, 2018	\$7,993,409
Changes for the year:	
Service Cost	428,857
Interest	241,145
Changes in Benefit Terms	
Differences between actual and expected experience	(563,323)
Changes in Assumptions and Other Inputs	
Benefit payments	(174,003)
Total Changes	<u>(\$67,324)</u>
Total OPEB liability as of May 31, 2019	<u><u>\$7,926,085</u></u>

In some recent years, OSC has proposed legislation to provide the State and certain local governments with the authority to establish trusts in which to accumulate assets for OPEB and to establish an OPEB investment fund in the sole custody of the State Comptroller for the investment of OPEB assets of the State and participating eligible local governments. The Village cannot predict at this time whether such proposed legislation will be enacted into law. At this time, New York State has not developed guidelines for the creation and use of irrevocable trusts for the funding of OPEB. As a result, the Village has decided to continue funding the expenditure on a pay-as-you-go basis.

## TAX INFORMATION

### Real Property Taxes

The Village derives its power to levy an ad valorem real property tax from the Constitution of the State. The Village's power to levy real property taxes, other than for debt service and certain other purposes, is limited by the State Constitution to two percent of the five-year average full valuation of taxable property of the Village. See “*Tax Limit*” herein. The State Board of Real Property Services annually establishes State Equalization Rates for all localities in the State, which are determined by statistical sampling of market sales/assessment studies. The equalization rates are used in the calculation and distribution of certain State aids and are used by many localities in the calculation of debt contracting and real property taxing limitations.

The following table sets forth the percentage of the Village’s General Fund revenue (excluding other financing sources) comprised of real property taxes for each of the fiscal years 2016 through 2020, and, as budgeted, for the year ending 2021.

Fiscal Year <u>Ending May 31:</u>	Total <u>Revenue</u>	Property <u>Taxes</u>	Real Property Taxes to <u>Revenues (%)</u>
2016	2,618,699	1,488,084	56.83
2017	2,739,450	1,490,299	54.40
2018	3,178,632	1,483,122	46.66
2019	3,168,414	1,479,037	46.68
2020 (Unaudited)	3,089,181	1,488,252	48.18

### Tax Collection Procedure

The collection and enforcement of real property taxes is governed by the Real Property Tax Law of the State.

The Village is responsible for levying, collecting and enforcing its own real property taxes. Village taxes are payable on June 1 and, if not paid on or before July 1, a 5% interest penalty is charged for the first month and a 1% per month (or any portion thereof) penalty is added thereafter. Tax liens are issued each year for all taxes remaining unpaid as of March.

Town and County taxes levied against real property in the Village are collected by the Town. Town and County taxes may be paid in two installments; however, any tax paid after January 31 is subject to penalty. School district taxes are collected by a school district tax collector and are payable on September 1. Such taxes may be paid without penalty on or before September 30. All delinquent taxes are returned to the County for enforcement. By law, the County must remit the full amount of unpaid taxes to both the Town and School District.

As a result of the COVID-19 pandemic, in certain counties in the State, during the first half of the 2020 fiscal year, the deadline to pay property taxes, without interest or penalty, was extended in certain circumstances. No assurance can be given that similar extensions with respect to the deadlines to pay property taxes, without interest or penalty, may occur during the balance of the 2020 fiscal year or during the 2021 fiscal year. Any such extensions may result in a delay in the receipt of taxes collected.

### Tax Levy Limit Law

On June 24, 2011, Chapter 97 of the Laws of 2011 (the “Tax Levy Limit Law” or “TLLL”) was enacted. The Tax Levy Limit Law imposes a tax levy limitation on the Village for any fiscal year each commencing after January 1, 2012 without providing an express exclusion for real property taxes levied for payment of principal of and interest on general obligations issued by the Village under the Local Finance Law. Accordingly, the power of the Village to levy real property taxes on all taxable real property within the Village without limitation as to rate or amount in furtherance of the pledge of its faith and credit as required in the New York Constitution is subject to statutory limitations pursuant to formulae set forth in the Tax Levy Limit Law.

The Tax Levy Limit Law restricts the increase in the amount of the a succeeding year’s tax levy to no more than the lesser of (i) two percent (2%) or (ii) the annual increase in the consumer price index (“CPI”), over the amount of the prior year’s tax levy. The TLLL also provides for certain adjustments for taxable real property full valuation increases or changes in physical or quantity growth in the real property base as defined in Section 1220 of the Real Property Tax Law. The 2% limit can be increased and overridden annually through a local law enacted by a 60% supermajority vote by the Board of Trustees subject to referenda requirements, if any, set forth in the Municipal Home Rule Law. Express exclusions from the 2% limit of TLLL include (i) funds needed to pay judgments in excess of 5% of the prior year’s tax levy, and (ii) retirement systems growth in the average actuarial contribution rate in excess of 2%. The Village is also permitted to carry forward a certain portion of its unused levy limitation from a prior year. Each municipality prior to adoption of each fiscal year budget must submit for review to the Office of the State Comptroller any information that is necessary in the calculation of its tax levy for each fiscal year.

Nonetheless, the TLLL does not provide an express exclusion from the tax levy limitation for payment of principal and interest on general obligations authorized and issued by the Village under the Local Finance Law. A plain English reading of the TLLL compared with the applicable and corresponding provisions of Article VIII of the New York Constitution (Local Government Finance) could lead to the conclusion that the TLLL is contrary to and violative of certain provisions of Article VIII the New York Constitution. In the opinion of bond counsel, under current law, the limitations imposed by TLLL on real property tax levies do not diminish the prior lien on the first revenues of the Village set forth in the New York State Constitution and established by the aforesaid pledge of the Village’s faith and credit requiring the Village to raise the necessary moneys and to exceed normal real estate tax limitations to pay the principal of and interest on the Notes. Bond counsel expresses no opinion on the validity of Chapter 97 of the Laws of 2011 under the applicable provisions of Article VIII of the New York Constitution.

### Tax Limit

The Constitution limits the amount that may be raised by the Village ad valorem tax levy on real estate in any fiscal year to two per centum (2%) of the five-year average full valuation of taxable real estate of the Village plus (1) the amounts required for principal and interest on all capital indebtedness, and (2) current appropriations for certain capital purposes. The tax limit for the Village for the 2020-2021 fiscal year is as follows:

Five-year Average Full Valuation	\$305,170,139
Tax Limit - 2% thereof	6,103,403
Tax Levy	1,501,152
Less: Exclusions	1,228,679
Tax Levy Subject to Tax Limit	\$272,473
Constitutional Tax Margin	\$5,830,930

**Tax Certiorari Claims**

In common with other municipalities, there are a number of tax certiorari proceedings pending involving properties that are subject to the levy of Village taxes. The plaintiffs in these matters have asserted that their properties are over-assessed and are seeking assessment reductions. A refund of excess taxes is also generally requested. Historically, certiorari claims have been settled through negotiations, resulting in amounts, at times, substantially less than originally claimed. Many settlements provide for future adjustments with no direct outlay of money. There are no significant claims filed by the larger taxpayers at this time.

**CYBERSECURITY**

The Village, like many other public and private entities, relies on technology to conduct its operations. As a recipient and provider of personal, private, or sensitive information, the Village faces multiple cyber threats including, but not limited to, hacking, viruses, malware and other attacks on computer and other sensitive digital networks and systems. To mitigate the risk of business operations impact and/or damage from cyber incidents or cyber-attacks, the Village invests in various forms of cybersecurity and operational controls; however, no assurances can be given that such security and operational control measures will be completely successful to guard against cyber threats and attacks. To mitigate such risk the Village has contracted with an outside technology firm to assist in the prevention detection and remediation of any such attacks. In addition, the Village maintains an insurance policy covering cyber liability. The results of any such attack could impact business operations and/or damage Village digital networks and systems and the costs of remedying any such damage could be substantial. The Village has also purchased a cybersecurity insurance policy.

## IMPACT OF COVID-19

An outbreak of disease or similar public health threat, such as the COVID-19 outbreak, or fear of such an event, could have an adverse impact on the Village's financial condition and operating results by potentially delaying the receipt of real property taxes or resulting in a delay or reduction by the State in the payment of State aid. Currently, the COVID-19 outbreak has spread globally, including to the United States, and has been declared a pandemic by the World Health Organization. The outbreak of the disease has affected travel, commerce and financial markets globally and is widely expected to continue to affect economic growth worldwide. The outbreak caused the Federal government to declare a national state of emergency, which was followed by the enactment of a variety of stimulus measures designed to address financial stability and liquidity issues caused by the outbreak. The State also declared a state of emergency and the Governor has taken steps designed to mitigate the spread and impacts of COVID-19, including closing schools and non-essential businesses. Efforts to contain the spread of COVID-19 has reduced the spread of the virus in some areas and there have been recent efforts to relax some of the restrictions put in place following the initial outbreak. Nevertheless, the outbreak of COVID-19 and the dramatic steps taken by the Federal government and State to address it are expected to negatively impact federal and local economies, including the economy of the State. The full impact of COVID-19 on the State's operations and financial condition is not expected to be known for some time. Similarly, the degree of the impact to the Village's operations and finances as a result of COVID-19 is extremely difficult to predict due to the uncertainties relating to its (i) duration, and (ii) severity, as well as with regard to what actions have been or may continue to be taken by governmental and other health care authorities, including the State, to contain or mitigate its impact. The spread of the outbreak or resurgence later in the year could have a material adverse effect on the State and municipalities and school districts located in the State, including the Village. The Village is monitoring the situation and will take such proactive measures as may be required to maintain its operations and meet its obligations. (See "State Aid" herein).

## LITIGATION

In common with other villages, the Village from time to time receives notices of claim and is party to litigation. In the opinion of the Village Attorney, unless otherwise set forth herein and apart from matters provided for by applicable insurance coverage, there are no significant claims or actions pending in which the Village has not asserted a substantial and adequate defense, nor which, if determined against the Village, would have an adverse material effect on the financial conditions of the Village.

## TAX MATTERS

In the opinion of Squire Patton Boggs (US) LLP, Bond Counsel, under existing law: (i) interest on the Notes is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and is not an item of tax preference for purposes of the federal alternative minimum tax and the Notes are qualified tax-exempt obligations as defined in Section 265(b)(3) of the Code; and (ii) interest on the Notes is exempt from personal income taxes imposed by the State of New York and political subdivisions thereof, including The City of New York and the City of Yonkers. Bond Counsel expresses no opinion as to any other tax consequences regarding the Notes.

The opinion on federal tax matters will be based on and will assume the accuracy of certain representations and certifications, and continuing compliance with certain covenants, of the Village contained in the transcript of proceedings and that are intended to evidence and assure the foregoing, including that the Notes are and will remain obligations the interest on which is excluded from gross income for federal income tax purposes. Bond Counsel will not independently verify the accuracy of the Village's representations and certifications or the continuing compliance with the Village's covenants.

The opinion of Bond Counsel is based on current legal authority and covers certain matters not directly addressed by such authority. It represents Bond Counsel's legal judgment as to exclusion of interest on the Notes from gross income for federal income tax purposes but is not a guaranty of that conclusion. The opinion is not binding on the Internal Revenue Service (the "IRS") or any court. Bond Counsel expresses no opinion about (i) the effect of future changes in the Code and the applicable regulations under the Code or (ii) the interpretation and the enforcement of the Code or those regulations by the IRS

The Code prescribes a number of qualifications and conditions for the interest on state and local government obligations to be and to remain excluded from gross income for federal income tax purposes, some of which require future or continued compliance after issuance of the obligations. Noncompliance with these requirements by the Village may cause loss of such status and result in the interest on the Notes being included in gross income for federal income tax purposes retroactively to the date of issuance of the Notes. The Village has covenanted to take the actions required of it for the interest on the Notes to be and to remain excluded from gross income for federal income tax purposes, and not to take any actions that would adversely affect that exclusion. After the date of issuance of the Notes, Bond Counsel will not undertake to determine (or to so inform any person) whether any actions taken or not taken, or any events occurring or not occurring, or any other matters coming to Bond Counsel's attention, may adversely affect the exclusion from gross income for federal income tax purposes of interest on the Notes or the market value of the Notes.

Interest on the Notes may be subject to a federal branch profits tax imposed on certain foreign corporations doing business in the United States and to a federal tax imposed on excess net passive income of certain S corporations. Under the Code, the exclusion of interest from gross income for federal income tax purposes may have certain adverse federal income tax consequences on items of income, deduction or credit for certain taxpayers, including financial institutions, certain insurance companies, recipients of Social Security and Railroad Retirement benefits, those that are deemed to incur or continue indebtedness to acquire or carry tax-exempt obligations, and individuals otherwise eligible for the earned income tax credit. The applicability and extent of these and other tax consequences will depend upon the particular tax status or other tax items of the owner of the Notes. Bond Counsel will express no opinion regarding those consequences.

Payments of interest on tax-exempt obligations, including the Notes, are generally subject to IRS Form 1099-INT information reporting requirements. If a Bond owner is subject to backup withholding under those requirements, then payments of interest will also be subject to backup withholding. Those requirements do not affect the exclusion of such interest from gross income for federal income tax purposes.

Bond Counsel's engagement with respect to the Notes ends with the issuance of the Notes, and, unless separately engaged, Bond Counsel is not obligated to defend the Village or the owners of the Notes regarding the tax status of interest thereon in the event of an audit examination by the IRS. The IRS has a program to audit tax-exempt obligations to determine whether the interest thereon is includible in gross income for federal income tax purposes. If the IRS does audit the Notes, under current IRS procedures, the IRS will treat the Issuer as the taxpayer and the beneficial owners of the Notes will have only limited rights, if any, to obtain and participate in judicial review of such audit. Any action of the IRS, including but not limited to selection of the Notes for audit, or the course or result of such audit, or an audit of other obligations presenting similar tax issues, may affect the market value of the Notes.

Prospective purchasers of the Notes upon their original issuance at prices other than the respective prices indicated on the inside cover of this Official Statement, and prospective purchasers of the Notes at other than their original issuance, should consult their own tax advisors regarding other tax considerations such as the consequences of market discount, as to all of which Bond Counsel expresses no opinion.

### **Risk of Future Legislative Changes and/or Court Decisions**

Legislation affecting tax-exempt obligations is regularly considered by the United States Congress and may also be considered by the State legislature. Court proceedings may also be filed, the outcome of which could modify the tax treatment of obligations such as the Notes. There can be no assurance that legislation enacted or proposed, or actions by a court, after the date of issuance of the Notes will not have an adverse effect on the tax status of interest on the Notes or the market value or marketability of the Notes. These adverse effects could result, for example, from changes to federal or state income tax rates, changes in the structure of federal or state income taxes (including replacement with another type of tax), or repeal (or reduction in the benefit) of the exclusion of interest on the Notes from gross income for federal or state income tax purposes for all or certain taxpayers.

For example, federal tax legislation that was enacted on December 22, 2017 reduced corporate tax rates, modified individual tax rates, eliminated many deductions, repealed the corporate alternative minimum tax, and eliminated the tax-exempt advance refunding of tax-exempt Notes and tax-advantaged Notes, among other things. Additionally, investors in the Notes should be aware that future legislative actions might increase, reduce or otherwise change (including retroactively) the financial benefits and the treatment of all or a portion of the interest on the Notes for federal income tax purposes for all or certain taxpayers. In all such events, the market value of the Notes may be affected and the ability of holders to sell their Notes in the secondary market may be reduced.

Investors should consult their own financial and tax advisors to analyze the importance of these risks.

## **Original Issue Discount and Original Issue Premium**

Certain of the Notes (“Discount Notes”) may be offered and sold to the public at an original issue discount (“OID”). OID is the excess of the stated redemption price at maturity (the principal amount) over the “issue price” of a Discount Bond. The issue price of a Discount Bond is the initial offering price to the public (other than to bond houses, brokers or similar persons acting in the capacity of underwriters or wholesalers) at which a substantial amount of the Discount Notes of the same maturity is sold pursuant to that offering. For federal income tax purposes, OID accrues to the owner of a Discount Bond over the period to maturity based on the constant yield method, compounded semiannually (or over a shorter permitted compounding interval selected by the owner). The portion of OID that accrues during the period of ownership of a Discount Bond (i) is interest excluded from the owner’s gross income for federal income tax purposes to the same extent, and subject to the same considerations discussed above, as other interest on the Notes, and (ii) is added to the owner’s tax basis for purposes of determining gain or loss on the maturity, redemption, prior sale or other disposition of that Discount Bond. A purchaser of a Discount Bond in the initial public offering at the issue price (described above) for that Discount Bond who holds that Discount Bond to maturity will realize no gain or loss upon the retirement of that Discount Bond.

Certain of the Notes (“Premium Notes”) may be offered and sold to the public at a price in excess of their stated redemption price at maturity (the principal amount). That excess constitutes bond premium. For federal income tax purposes, bond premium is amortized over the period to maturity of a Premium Bond, based on the yield to maturity of that Premium Bond (or, in the case of a Premium Bond callable prior to its stated maturity, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on that Premium Bond), compounded semiannually. No portion of that bond premium is deductible by the owner of a Premium Bond. For purposes of determining the owner’s gain or loss on the sale, redemption (including redemption at maturity) or other disposition of a Premium Bond, the owner’s tax basis in the Premium Bond is reduced by the amount of bond premium that is amortized during the period of ownership. As a result, an owner may realize taxable gain for federal income tax purposes from the sale or other disposition of a Premium Bond for an amount equal to or less than the amount paid by the owner for that Premium Bond. A purchaser of a Premium Bond in the initial public offering who holds that Premium Bond to maturity (or, in the case of a callable Premium Bond to its earlier call date that results in the lowest yield on that Premium Bond) will realize no gain or loss upon the retirement of that Premium Bond.

Owners of Discount and Premium Notes should consult their own tax advisors as to the determination for federal income tax purposes of the existence of OID or bond premium, the determination for federal income tax purposes of the amount of OID or bond premium properly accruable or amortizable in any period with respect to the Discount or Premium Notes, other federal tax consequences in respect of OID and bond premium, and the treatment of OID and bond premium for purposes of state and local taxes on, or based on, income.

## **DOCUMENTS ACCOMPANYING DELIVERY OF THE NOTES**

### **Absence of Litigation**

Upon delivery of the Notes, the Village shall furnish a certificate of the Village Attorney, dated the date of delivery of the Notes, to the effect that there is no controversy or litigation of any nature pending or threatened to restrain or enjoin the issuance, sale, execution or delivery of the Notes, or in any way contesting or affecting the validity of the Notes or any of the proceedings taken with respect to the issuance and sale thereof or the application of moneys to the payment of the Notes, and further stating that there is no controversy or litigation of any nature now pending or threatened by or against the Village wherein an adverse judgment or ruling could have a material adverse impact on the financial condition of the Village or adversely affect the power of the Village to levy, collect and enforce the collection of taxes or other revenues for the payment of the Notes, which has not been disclosed in this Official Statement.

### **Legal Matters**

Legal matters incident to the authorization, issuance and sale of the Notes will be subject to the final approving opinion of the law firm of Squire Patton Boggs (US) LLP, Bond Counsel to the Village with respect to the Notes, which will be available at the time of delivery of the Notes. Such opinion will be to the effect that the Notes are valid and legally binding general obligations of the Village for which the Village has validly pledged its faith and credit and, unless paid from other sources, all the taxable real property within the Village is subject to the levy of ad valorem real estate taxes to pay the Notes and interest thereon, subject to the limitations imposed by the Tax Levy Limit Law. The opinion shall also discuss the treatment of interest on the Notes under applicable tax laws, as further described in the section entitled “Tax Matters” and shall also contain further statements to the effect that (a) the enforceability of rights or remedies with respect to the Notes may be limited by bankruptcy, insolvency, or other laws affecting creditors’ rights or remedies heretofore or hereafter enacted, and (b) said law firm gives no assurances and expresses no opinion as to the adequacy, sufficiency or completeness of the Official Statement of the Village relating to the Notes, or any additional proceedings, reports, correspondence, financial statements or other documents, containing financial or other information relative to the Notes which have been or may be furnished or disclosed to purchasers of the Notes.

## **Closing Certificates**

Upon the delivery of the Notes, the Purchaser will be furnished with the following items: (i) a Certificate of the Village Treasurer of the Village to the effect that as of the date of this Official Statement and at all times subsequent thereto, up to and including the time of the delivery of the Notes, this Official Statement did not and does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements herein, in the light of the circumstances under which they were made, not misleading, and further stating that there has been no adverse material change in the financial condition of the Village since the date of this Official Statement up to and including the time of delivery of the Notes, and having attached thereto a copy of this Official Statement; (ii) a Certificate signed by the Village Treasurer evidencing payment for the Notes; (iii) a Signature Certificate evidencing the due execution of the Notes, including statements that (a) no litigation of any nature is pending or threatened, restraining or enjoining the issuance and delivery of the Notes or the levy and collection of taxes to pay the principal thereof and interest thereon, nor in any manner questioning the proceedings and authority under which the Notes were authorized or affecting the validity of the Notes thereunder, (b) neither the corporate existence or boundaries of the Village nor the title of any of the officers thereof to their respective offices is being contested, and (c) no authority or proceedings for the issuance of the Notes have been repealed, revoked or rescinded; and (iv) a Tax Certificate executed by the Village Treasurer, as described under "Tax Matters."

## **MUNICIPAL ADVISOR**

Munistat Services, Inc. (the "Municipal Advisor"), is a Municipal Advisor, registered with the Securities and Exchange Commission and the Municipal Securities Rulemaking Board. The Municipal Advisor serves as independent municipal advisor to the Village on matters relating to debt management. The Municipal Advisor is a municipal advisory and consulting organization and is not engaged in the business of underwriting, marketing, or trading municipal securities or any other negotiated instruments. The Municipal Advisor has provided advice as to the plan of financing and the structuring of the Notes and has reviewed and commented on certain legal documents, including this Official Statement. The advice on the plan of financing and the structuring of the Notes was based on materials provided by the Village and other sources of information believed to be reliable. The Municipal Advisor has not audited, authenticated, or otherwise verified the information provided by the Village or the information set forth in this Official Statement or any other information available to the Village with respect to the appropriateness, accuracy, or completeness of disclosure of such information and no guarantee, warranty, or other representation is made by the Municipal Advisor respecting the accuracy and completeness of or any other matter related to such information and this Official Statement.
